Education

Academic Year 2004/2005

Introduction

Pursuing studies abroad is always a challenge and an adventure at the same time. It is an experience that may have a determining impact on a student's professional life and career, as well as in friendships and, in general, on human relations as they develop and expand.

In today's knowledge-based society there is a strong tendency for students to spend one or more semesters at a foreign university or college in order to improve their knowledge and to gain new experience and information.

Studying abroad presents multifarious challenges. Not only will you have to cope with the country's bureaucracy, in addition you will have to accommodate to new cultural traditions and phenomena. This is by no means an easy job, but of course it is also an excellent opportunity for students to prove their adaptability and resilience – to themselves and to others. In the global competition young people's future prospects are enhanced by studying abroad as the working environment is becoming increasingly international and companies demand inter-cultural skills and competence.

This publication is intended to arouse your interest in pursuing undergraduate or graduate (Bachelor's and Master's as well as PhD) studies in Hungary. In addition to giving an overview of programmes, information is provided about the Hungarian higher educational system, the degrees awarded, and, of course, about Hungary in general.

We hope that you, reader and prospective foreign student in Hungary, find in this publication the information which is most important for you, that you gain useful professional experience and fond memories during your studies in Hungary, while enjoying the hospitality of our country, and making the most of the opportunities offered by its rich culture and natural heritage.

Why Hungary?

Hungarian statehood looks back upon a history of a thousand years. According to historical documents, King (Saint) Stephen, the first Hungarian monarch, bade his son Prince Imre to be open and hospitable. When foreigners visiting Hungary are asked what they think of the Hungarians, hospitality is indeed among the most frequently mentioned characteristics.

Hungary can boast of long-standing traditions, an unrivalled natural and architectural heritage, and a rich flora and fauna. The World Heritage Committee of UNESCO has inscribed eight Hungarian locations on the World Heritage List: the Buda Castle District and the Banks of the Danube; Andrassy Avenue; the Village of Hollókő; Hortobágy National Park; the Caves of Aggtelek; the Millenary Benedictine Monastery of Pannonhalma founded by King (Saint) Stephen; the Early Christian Cemetery in Pécs (Sopianae); the famous wine region of Tokaj; and the Cultural Landscape of Lake Fertő (Neusiedlersee).

Hungary has made a substantial contribution to the world's intellectual heritage. Thirteen Nobel Prize laureates have been Hungarian-born, including acclaimed litterateurs and scientists Philipp E. A. von Lenard, Robert Bárány, Richard A. Zsigmondy, Albert von Szent-Györgyi, George de Hevesy, Georg von Békésy, Eugene P. Wigner, Dennis Gabor, John C. Polanyi, George A. Olah, John C. Harsanyi and Imre Kertész. Other prominent scientists who have contributed to the enrichment of human knowledge include Loránd Eötvös, Leó Szilárd, Tódor Kármán and Edward (Ede) Teller. In the world of music mention should be made of Ferenc Liszt, Béla Bartók and Zoltán Kodály. Hungary has provided testimony of her high intellectual potential in every walk of life.

And last but not least, Hungarian diplomas have a high prestige throughout the world. The programmes are of high standard with tuition fees quite favourable in international comparison, and the costs of living are much lower than in other countries.

<http://www.hungary.hu>

What you need to know about the Hungarian higher educational system

Hungarian higher education has a long history. The first Hungarian university was founded in Pécs in southern Hungary over 600 years ago, in 1367. The current dual system of universities and colleges emerged in the late 19th century.

Facts about Hungary

Area: 93,030 square kilometres
Population(1 February 2001): 10,197,119
Official language: Hungarian
Capital: Budapest
Official currency: Forint (1 € = approx. 250 HUF)
Neighbouring countries: Austria, Croatia, Romania, Slovakia, Slovenia, Ukraine, Serbia and Montenegro
Number of students involved in higher education: 380,000 (2003)
Number of Hungarian treasures included in the World Heritage List of the UNESCO: 8

Admission requirements for higher education

According to Higher Education Act No 80 of 1993, the basic requirement for admission to college (non-university higher education institution) and university graduate education is the Hungarian secondary school leaving certificate (*Érettségi bizonyítvány*), or a foreign equivalent, or a degree obtained in higher education. The secondary school leaving certificate is conferred after eight years of primary education followed by four years of secondary education in a comprehensive/academic secondary school (*gimnázium*) or vocational secondary school (*szakközépiskola*). It must be noted that the division of the twelve years of study may vary – it may also be divided into 4 or 6 years of primary education and 8 or 6 years of secondary education.

Beside secondary school achievements, admission to higher education institutions, with certain exemptions, is based on the results of obligatory competitive entrance examinations.

Higher education institutions

Hungarian higher education has a dual system consisting of universities (*egyetem*) and colleges (*főiskola*). Some of the latter are associated with universities and operate as college faculties within universities. Universities are such higher education institutions that are able to organise training courses in more than one field of science and inside a field of science in several branches of sciences; carry out scientific research activity and have accredited PhD/DLA courses. Colleges organise more than one training course in a branch of science. Hungarian higher education institutions are autonomous, state or non-state institutions recognised by the state. The Hungarian higher educational system consists of 68 state recognised institutions (a list of these institutions can be found on www.om.hu/english). Institutions that offer programmes in foreign languages are listed in the tables below.

Accreditation and quality assurance

The Hungarian Accreditation Committee established in 1993 is responsible for accrediting and evaluating the quality of teaching and research at higher education institutions. It assesses the standard of education and research for each higher education institution every eight years (institutional accreditation) based on a detailed self-assessment of the institution and the report of a visiting committee. The Hungarian Accreditation Committee examines the curricula, the qualification requirements as well as the quality of the academic staff (programme accreditation).

Degrees and qualifications

Hungarian universities and colleges grant degrees according to a binary pattern. Colleges and universities grant “*Főiskolai oklevél*” (college-level or Bachelor degree) and universities award “*Egyetemi oklevél*” (university-level or Master degree). The duration of training in the Hungarian language at college level requires a minimum of 3 years and a maximum of 4 years of study, while the length of education at university level is a minimum of 4 years and a maximum of 5 years (with the exemption of medical courses, where the duration of education is 6 years). The duration of the courses in some cases is 1 year longer than the corresponding Hungarian courses. At the end of their studies students complete their education with a final examination consisting of the preparation and defence of a dissertation, oral and/or written examinations prescribed in the qualifications requirements, and the performance of practical work laid down in certain programmes.

Beyond both university and college graduate education, two types of post-graduate programmes are offered by higher education institutions. First, further specialisation degrees can be awarded after college or university graduation. Studies are normally pursued in the field in which the graduate degree was obtained and are from one to three years' duration.

Secondly, universities provide training leading to a doctoral degree, which is presently the only available scientific degree in Hungary. The condition for applying for doctoral training is a Hungarian university degree or its foreign equivalent. Higher education institutions link admission to entrance examinations and often to other additional criteria (e.g. professional experience). The duration of the training is at least 3 years, at the end of which a doctor of philosophy (PhD – *doktori fokozat*) or a doctor of liberal arts (DLA – *mester fokozat*) degree is conferred depending on the field of science.

Credit system

The obligatory use of the ECTS compatible credit system was introduced in September 2003, but several higher education institutions had already been using it since the middle of the 1990s. According to the government decree on the introduction of the credit system, one credit corresponds to 30 hours of student workload. The minimum number of credits for a college-level degree is 180 for a 3-year training, 240 credits for a 4-year training; for a university-level degree it is 240 for a 4-year training, 300 credits for a 5-year training, and 360 credits for a 6-year training; for a further specialisation degree it is 60, while for the doctoral degree it is 180.

System of assessment

The assessment of knowledge is made, generally, in accordance with five grades: excellent (5), good (4), fair (3), pass (2), and fail (1) or with the following classifications: excellent, satisfactory, fail.

Academic year

The academic year of higher education institutions encompasses two semesters, namely the autumn and the spring semesters. The autumn semester generally starts at the beginning of September and includes 14 to 15 weeks for lectures, seminars, practical work and 6 weeks for examinations. The spring semester lasts from the beginning of February until the end of May (14 to 15 weeks), followed by an examination period of generally 6 weeks.

(<http://www.om.hu/education>)

How to apply?

The following pages contain some information about conditions of application and the home pages of institutions that offer programmes in foreign languages. You can choose the most appropriate form of study that suits your requirements. You will find all the information you need about conditions of application, together with the necessary application forms, on the home page of the institution.

Budapest University of Economic Sciences and Public Administration

Name of Institution:	Budapest University of Economic Sciences and Public Administration
Year of foundation:	1948
Address:	Fővám tér 8, H-1093 Budapest, Hungary
Phone:	+ (36-1) 218 6855
Internet:	http://www.buespa.hu
Rector:	Prof. Dr. Tamás Mészáros
Number of faculties:	7
Academic staff:	609 full-time and 103 part-time
Academic staff with scientific degree:	940
Contact person:	Ms Erzsébet Veres
Contact info:	phone: (36-1) 215 4375, fax: (36-1) 217 6714, e-mail: intoffice@bkae.hu
Members of the Hungarian Academy of Sciences:	14
Number of full-time students in the academic year 2003/2004 (Hungarian education):	17,243
Number of Ph.D. students:	368
Number of students studying in foreign languages in 2003/04:	665

Library: The Budapest University of Economic Sciences and Public Administration has a Central Library that is open to all students. The library offers diversified facilities for academic learning and research activities. It provides 2500 m² of reading and research space and can accommodate 500 readers at a time. The present collection contains nearly half a million volumes (books, manuscripts, lecture notes, etc.) and approximately 1000 different kinds of periodicals (two-thirds of which are in a foreign language). The Business Periodicals On-disc database contains the full text of a further 500 English-language journals. The library also stocks microfilms, video materials, CD-ROM databases and has an electronic collection.

Computer facilities: The University has computer labs that are available to students for study purposes. E-mail and internet access are also available.

Sports activities: The University has several gyms. The potential sports activities available free of charge to all university students include volleyball, basketball, body-building, table-tennis, swimming and athletics.

Accommodation: Halls of residence are (within limits) available for Hungarian students. Through its contacts with individual owners and real-estate agencies, the International Studies Centre (ISC) assists students to the best of its ability in finding a flat to rent for the duration of their stay, by providing the information at its disposal on flats offered for rent and on real estate agencies. The monthly rents range from about 300 EURO to 350 EURO/person depending on the size and location of the flat, as well as on the number of students sharing it.

International Study Programmes

Undergraduate programmes

Name of diploma	Bachelor of Arts in - Business Administration - International Economics
Length of study programme:	8 semesters
Admission criteria:	- secondary school certificate, - English language entrance exam (or TOEFL score 173 (computer based) or 500 (paper-based), IELTS overall band: minimum 5.5 – any exam must have been taken within two years prior to application) - Mathematics entrance exam, - Submission of full application material, proof of payment of the application fee and fulfilment of the entrance requirements. For detailed info, please contact the appropriate ISC contact person.

Contact person: Ms Doris Keszthelyi, e-mail: doris@isc.bke.hu
 International Studies Centre (ISC)
 Internet: <http://isc.bke.hu>
 Phone: (36-1) 217 1153, fax: (36-1) 217 0608

Graduate programmes

Name of diploma Master of Sciences in
 - Business Administration
 - International Business and Economics
 - International Economics and European Studies
 - Political Science
 - Social Economics

Length of study programme: 4 semesters

Admission criteria:
 - Bachelor's degree in Business Administration or a related field,
 - detailed academic record and list of positions held so far (if any),
 - a TOEFL score not less than 213 (computer-based) or 550 (paper-based). The certificate cannot be older than 2 years,
 - 2 letters of recommendation,
 - Submission of full application material, proof of payment of the application fee and fulfilment of the entrance requirements. For detailed info, please contact the appropriate ISC contact person..

Contact person: Ms Hanna Varjas, e-mail: hanna@isc.bke.hu
 International Studies Centre (ISC)
 Internet: <http://isc.bke.hu>
 Phone: (36-1) 217 1153, fax: (36-1) 217 0608

Tuition fees:

Preparatory course	600 €/course
Undergraduate programme:	2700 €/semester + book costs (approx. 200 €/semester)
Graduate programme:	3300 €/ semester + book costs (approx. 200 €/semester)
Free movers (non degree)	Undergraduate courses – 600 € / 6 ECTS credit course Graduate courses – 700 € / 6 ECTS credit course In the case of 5 courses – regular tuition fee (as given above)

Application procedure, deadlines:

The deadline for application is 31 May of each year. The entrance examinations are held once a year in the first or second week of July. For the precise dates please check the ISC website or contact the relevant person.

Preparatory courses:

A 3-week preparatory programme is organised in both Mathematics and English prior to the entrance exams.

Credit system:

An internationally accepted credit system is used at the ISC. Students must accumulate a total of at least 240 ECTS credits within the 8 semester period of their studies (with the breakdown between core and elective courses being determined by the ISC). Most courses are worth 6 ECTS credits (two 75-minute classes per week), while some courses are worth only 3 ECTS credits (usually these involve just one 75-minute class per week).

Partial Training

The Faculty of Business Administration offers different courses in economics, financial management, management and organisation, business, management sciences and management practice. Students have the

opportunity to take up only several subjects taught at the Faculty in foreign languages, English or German and to spend a semester or a year.

Tuition fee:

- € 650 per course or
- € 3000 per semester for five courses.

Contact person: Ms Léda Szőnyi, e-mail: leda.szonyi@bkae.hu
Faculty of Business Administration
Internet: www.buespa.hu /International Study Programmes/FBA
Phone/Fax: (36-1) 218 8076

For more detailed information and the list of courses offered by the Faculty for the academic year 2004/2005 please visit the website of the university.

Ph.D Programmes

Management and Business Administration

Contact person: Ms Zsuzsa Krista, e-mail: zsuzsa.krista@bkae.hu
Faculty of Business Administration
Internet: www.buespa.hu / Education and Research
Phone/fax: (36-1) 218 8076.

Specialisation areas:

- Business Economics
- Organization and Management Theory
- Behavioural and Decision Sciences
- Corporate Finance
- Accounting
- Marketing
- Production/Operations Management
- Environmental Economics and Management
- Corporate Planning and Information Systems

Tuition Fees:

- Admission fee: € 400
- Tuition fee per semester: €3200 (to be paid in the first three years)
- Rigorosum fee: € 400
- Thesis proposal/defence fee: € 800
- Final thesis defence fee: €1200

Admission criteria:

- A Master level university degree with grade “B” (good) is a minimum requirement
- Good working knowledge of English has to be supported by TOEFL exam certificate or other recognised language exam

The application must include the following documents:

- Application form
- Detailed CV
- Transcript of the Master Degree
- Document of language exam (TOEFL)
- Two letters of recommendation
- A preliminary research plan of two pages
- A list of publications
- A copy of any publication relevant to evaluate the candidate
- Any other document relevant to evaluate the application

All documents originally written in languages other than English or Hungarian must be accompanied by an official translation in English.

Applicants are invited for an entrance oral examination.

Plant Production and Horticultural Sciences

Specialisation areas:

- Ecological basis of horticultural plant production
- Molecular biology and physiology of horticultural plants
- Molecular genetics and breeding of horticultural plants
- Bacteriological, mycological and entomological basis of horticultural plant production
- Automation of horticultural plant production
- Mycology of mushrooms
- Programme of ornamental plant science
- Programme of medicinal and aromatic plants
- Programme of fruit science
- Programme of viticulture
- Programme of vegetables

Food Science

Specialisation areas:

- Food Chemistry and Food Biochemistry of the Nutrition Chain
- Quality Assessment and Quality Maintenance of Foods
- Food Biotechnology
- Operation and Process-Control in Food Technology

Decision Supporting Systems

Specialisation areas:

- Agriinformatics
- Statistical methods in food economy
- Food industry economy
- Food Economy marketing and horticultural management

Landscape Architecture

Specialisation areas:

- Garden and open space design
- Environmental protection, Environmental policy
- Landscape planning and regional development
- Landscape protection and reclamation
- Urban architecture

Length of study programme: 6 semesters

Admission criteria:

- MSc degree, Dipl. Ing. or its equivalent in the field of agronomical, biological or horticultural studies
- Good knowledge of English
- Previous participation in scientific activities (publications)

Tuition fee:

4000 €/year

Additional fees:

Depends on the specialisation. Detailed information is available from the contact person.

Application deadline:

31 May (in exceptional cases, 31 December)

Contact person:

Ms Valéria Telerovszky, e-mail: telerval@omega.kee.hu

Phone: (36-1) 372 6295

Number of faculties: 8

Academic staff: 1266

Academic staff with scientific degree: 524

Members of the Hungarian Academy of Sciences: 21

Number of full-time students in the academic year 2003/2004 (Hungarian education): 16,035

Number of Ph.D. students : 891

Number of students studying in foreign languages in 2003/2004: 608

Library: The Central Library of the University houses 450,000 books and 120,000 volumes of professional journals. At the same time the Library has a strong technical reference section with free access to materials and the ALEPH integrated system, reading and research rooms and on-line access to international data bases.

Computer network: Access to EARN, BITNET and Internet systems, DEC support centre, computer supported information services (Gopher) X.500 directory services and access to several kinds of micro, mini and mainframe computers.

Cultural and Sports opportunities: Cultural secretariat, supporting students' cultural activities. University Theatre (Szkéné, background of International Dance and Movement Club), Symphony Orchestra. Athletics and Football Club with sport and training facilities for both competitive and recreational sport sections in 22 sports activities (more than 4000 members).

Student accommodation: University Hostel places are available in a limited number. Further Hostels are available near the University (popular among US and other study abroad students). Private apartment rentals are available for international students at a moderate cost in different parts of the city. Costs of accommodation: EUR 100-300/month.

Health care facilities: The university has its own health care centre, the students are requested to have medical insurance – which costs about EUR 80/semester.

Pre-Engineering Course: One-year (autumn and spring semester) or one semester (spring) preparatory programme for upgrading students for the first year studies in B.Sc. programmes in English. Subjects are: physics (including mechanics, electricity, thermodynamics and optics), mathematics (including algebra, geometry, computing and engineering drawing) and technical English language.

Courses Offered in English

Undergraduate programmes

Name of diploma

Majors:

Bachelor of Science degree

Architectural Engineering

Chemical Engineering

Civil Engineering

Electrical Engineering

Software Engineering

Mechanical Engineering

Transportation Engineering

Length of study programme:

8 semesters

Admission criteria:

- secondary school certificate with good results in Maths, Physics and English,

- English language entrance exam

- Mathematics entrance exam

- Physics entrance exam

- payment of application and tuition fees

Placement test for new students after enrolment in the third week – in Mathematics, Physics and English language – to determine if they can join the first year of the B.Sc. programme or the one-year, pre-engineering course.

Tuition fee:

- • Pre-Engineering and B.Sc. programmes: - EUR 2850 / semester (for non-EU citizens)
- EUR 1850 / semester (for EU citizens)
- • Approx. costs of living incl. accommodation: EUR 300-500 / month

Graduate programmes

Name of diploma Master of Science degree
Majors: Architectural Engineering
Chemical Engineering
Civil Engineering
Electrical Engineering
Informatics
Mechanical Engineering
Transportation Engineering
Engineering Physics

Length of study programme: 4 semesters

Admission criteria: B.Sc. degree or equivalent with average grades of B or better, with official transcripts
English language proficiency at one of the following levels:
a) TOEFL test score of 550 or higher
b) Cambridge First Certificate "B"
c) ELTS score of 5.0
- payment of application and tuition fees

Tuition fee:

- • EUR 3100 / semester (for non-EU citizens)
EUR 2850 / semester (for non-EU citizens having graduated at BUTE)
EUR 2850 / semester (for EU citizens)
EUR 2350 / semester (for EU citizens having graduated at BUTE)
- • Approx. costs of living incl. accommodation: EUR 300-500 / month

Postgraduate programmes

Ph.D. programmes are available in all majors offered by the faculties.

The faculties are Faculty of Architecture
Faculty of Chemical Engineering
Faculty of Civil Engineering
Faculty of Electrical Engineering and Informatics
Faculty of Mechanical Engineering
Faculty of Transportation Engineering
Faculty of Natural Sciences

Length of study programme: minimum of 6 semesters

Admission criteria: M.Sc., Dipl. Ing. or its equivalent with excellent grades in the official transcripts
English language proficiency at one of the following levels:
a) TOEFL test score of 550 or higher
b) Cambridge First Certificate "B"
c) ELTS score of 5.0
- payment of application and tuition fees.

Scholarships/Student grants/Financial assistance: Reduction of tuition fees for Excellent Academic performance on B.Sc. level. Scholarship for the best M.Sc. and PhD students based on a competition system.

Tuition fee:

- • From EUR 4000 / semester

- • Approx. costs of living incl. accommodation: EUR 300-500 / month

Application requirements:

Deadline for application submission: 15 July.

List of required documents:

- • completed application form
- • a draft cheque for the application fee of EUR 50 (non-refundable)
- • copy of passport
- • secondary school reports relevant to the application, with special reference to mathematics, physics, and English language ability, e.g. general certificate of education (G.C.E.) or any equivalent secondary school diploma
- • official transcripts, degrees/diplomas of any higher education already completed
- • four recent photographs
- • curriculum vitae (autobiography/resume)
- two letters of recommendation (for M.Sc. and Ph.D. applicants)
- study plan (Ph.D. applicants only)

Study abroad and credit course opportunities in the framework of one or two semester programmes for international students completing subjects of the appropriate faculties or optional programmes such as Hungarian and Central European Studies.

Contact details for application:

The Registrar. Address: Budapest University of Technology and Economics, International Education Centre. H-1521 Budapest, Bertalan Lajos utca 2. Hungary
 Telephone: 36-1-4633548, Fax: 36-1-4632460,
 email: admission@tanok.bme.hu, website: <http://www.tanok.bme.hu>

Degree courses offered in French

Two-year undergraduate programmes in the faculties of Architecture, Civil, Chemical, Electrical Engineering and Informatics, Mechanical and Transportation Engineering, and Economic and Social Sciences leading to DEUG degree in cooperation with INSA de Rennes. Students after graduation can continue studies on the Hungarian programmes with French window subjects or at French or other Francophone universities.

Enseignement dispensé en langue française

Un programme d'enseignement totalement en langue française est assuré au niveau du premier cycle (4 semestres) dans les facultés suivantes: Architecture, Génie Civil, Génie Chimique, Génie Electrique-Informatique, Génie Mécanique, Transport et Sciences Economiques et Sociales. A la fin de cette formation les étudiants reçoivent le DEUG signé par le Recteur de l'USTEB et le Directeur de l'INSA de Rennes. A partir de la troisième année, les étudiants joignent la formation en langue hongroise mais ont la possibilité de suivre certains modules "ponctuels" en langue française, ou de participer dans des périodes d'études d'un ou deux semestres, éventuellement faire le Projet de Fin d'Etudes dans les établissements partenaires en France ou en Belgique.

Courses offered in German:

Two-year undergraduate programmes in the faculties of Civil, Chemical, Electrical Engineering and Informatics, Mechanical and Transportation Engineering in cooperation with the University of Karlsruhe. Students after the two-year programme can continue studies in the 5th semester at the University of Karlsruhe and from the 6th semester in the Hungarian programmes with German window subjects.

The certificate released is in Hungarian and German language with the signatures of the Rectors of both Universities.

Studiengänge in deutscher Sprache:

An den Fakultäten für Bauwesen, für Elektrotechnik und Informatik, für Maschinenbau und für Verkehrswesen gibt es in den ersten 4 Semestern deutschsprachige Ingenieurausbildung im Rahmen eines gemeinsamen Programmes mit der Universität Karlsruhe.

Im 5. Semester studieren die Studenten an der Universität Karlsruhe und ab dem 6. Semester wieder an der TWU Budapest in ungarischer Sprache.

Einige Fächer werden aber weiterhin in deutscher Sprache angeboten.

Die Absolventen erhalten zweisprachige Diplomurkunden mit den Unterschriften der Rektoren beider Universitäten.

Internet: <http://www.unideb.hu>

Rector: Prof. Dr. János NAGY

Number of faculties: 12, located on 7 different campuses in Debrecen, Nyíregyháza and in Hajdúböszörmény

Number of independent institutes: 3

Number of affiliated institutes: 3

Academic staff: 1503

Academic staff with scientific degree: 828

Members of the Hungarian Academy of Sciences: 18

Number of students in the academic year 2002/2003 (Hungarian education): approx. 24,723

Number of PhD students: 787

Number of students studying in foreign languages in 2003/2004: approx. 1200

Library: second biggest library in the country, it serves the university's staff and students with its collection of nearly 6.1 million items.

Computer facilities: computer labs for study purposes on all the campuses, e-mail, web and printing facilities are available.

Sport activities: aerobics, athletics, badminton, basketball, body building, chess, fencing, football, horse riding (for a small fee), ice skating (in the winter), kung-fu, swimming, table-tennis, tennis (for a small fee), therapeutic gymnastics, yoga, and volleyball.

Foreign students' accommodation: limited space in 10 halls of residence; flats available for students near the campus, usual rent charges are between €150 and €200/month; students are assisted by "PONT Szolgáltató Iroda" (located on the main campus).

Health care facilities: basic medical health care available on the campuses.

Living costs: (per annum)

Accommodation (apartments) €1900

Meals (university canteen) €1300

Further costs (books, travel, etc.) €1200

International study programmes

Credit system: ECTS (for further information see: www.unideb.hu/ects)

Preparatory courses:

- **Basic Medicine** (1 year pre-medical course, recommended for those who do not have a thorough enough knowledge of biology, physics and chemistry or in any of the subjects according to Hungarian standards)

- The **Debrecen Summer School** is an independent institution of the University of Debrecen that is concerned with teaching Hungarian as a foreign language. Its aim is to provide its students with a thorough knowledge of both the Hungarian language and its culture. Unique among Hungary's similar language institutions, this summer school draws upon a great and long tradition. It was established in 1927 and has grown to become the biggest of the Hungarian summer schools. Every year more than 600 students from 30-40 countries are taught by 50 teachers. Contact: Tel: +36 52 532-594, Fax: +36 52 532-595, E-mail: debrecen@nyariegyetem.hu, Web: <http://www.nyariegyetem.hu>

Intensive Winter Course:

9–22 January, 2005 (80 lessons, 16 credits)

Super-intensive Spring Course:

23 May–6 June, 2004 (120 lessons, 24 credits)

Summer Course in Hungarian Language and Culture:

18 July–14 August, 2004 (120 lessons, 24 credits)

18–31 July, 2004 (60 lessons, 12 credits)

Intensive Summer Course:

1–14 August, 2004 (80 lessons, 16 credits)

Intensive Autumn Course:

29 October–7 November, 2004 (70 lessons, 14 credits)

Semester Courses:

15 February–15 May, 2004 (60 lessons, 12 credits)

15 September–15 December, 2004 (60 lessons, 12 credits)

Intensive Semester Courses

16 February–26 March, 2004 and 13 April–21 May, 2004 (2×120 lessons, 2x24 credits)

13 September–22 October, 2004 and 8 November–17 December, 2004 (2×120 lessons, 2x24 credits)

GENERAL MEDICINE

Name of diploma: Doctor of Medicine (M.D.)

Language of teaching: English

Length of study: 6 academic years (12 semesters)

Admission requirements: Secondary School Diploma, and successfully completed entrance examination

Tuition fee: 8,000 USD first year, then 7,200 USD (8,000 USD in two instalments)

DENTISTRY PROGRAMME

Name of diploma: Doctor of Dentistry (D.M.D.)

Language of teaching: English

Length of study: 5 academic years (10 semesters)

Admission requirements: Secondary School Diploma, and successfully completed entrance examination

Tuition fee: 8,000 USD first year, then 7,200 USD (8,000 USD in two instalments), from the 3rd year 1,000 USD for material costs

PHARMACY PROGRAMME

Name of diploma: Master of Science

Language of teaching: English

Length of study: 5 academic years (10 semesters)

Admission requirements: Secondary School Diploma, and successfully completed entrance examination

Tuition fee: 6,000 USD first year, then 5,500 USD

PRE-MEDICAL PROGRAMME (BMC)

One-year preparatory course during which basic science subjects – Biology, Chemistry and Physics – together with English and Hungarian languages are taught. Admission can be granted to our university programmes by successfully completing this course.

Tuition fee: 4,800 USD

GRADUATE PROGRAMME

PUBLIC HEALTH

Name of diploma: Master of Science
Language of teaching: English
Length of study: 1 academic year (2 semesters)
Admission requirements: B.Sc. or M.D.
Tuition fee: 8,000 USD

General information:

There are two independent programmes offering the following qualifications:

1. BA in Psychology
2. MA in Psychology

Undergraduate programme

Name of diploma: Bachelor of Arts

Major: Psychology

Length of study programme: 6 semesters

Admission criteria:
- Secondary school certificate,
- Entrance exam.

Contact person: Andrea Fehér

Graduate programme

Name of diploma: Master of Arts

Major: Psychology

Length of study programme: 4 semesters

Admission criteria:

- BA in Psychology or a Psychology-related field
- entrance exam.

Contact person: Andrea Fehér

Preparatory courses: none

Credit system:

An internationally accepted credit system is used at the Institute of Psychology.

Partial training and credit transfer possibilities:

Erasmus programme, CEEPUS programme, CEMS, bilateral and multilateral agreements, free movers for one or two semesters (non degree).

Admission process (application procedure, deadlines):

There are two dates available for applying and taking the entrance examination: the early and the late exam dates, with the following time schedule:

	EARLY	LATE
Application deadline:	end of February, 2004	end of May, 2004
Time of Entrance exam:	end of May or early June, 2004	early July, 2004
Beginning of studies:	September, 2004	September, 2004

In both cases, when the application material is received the applicants will soon be informed about the exact time and place of the entrance examination, and are given feedback about the results very soon after the entrance exam.

There is the possibility of applying twice (with double application, registration and entrance fees) for the same academic year, thus doubling the chance of a successful entrance examination.

Applicants are expected to present the documentation of their appropriate schooling or degree.

Successful applicants must have a good command of English and pass the psychology entrance examination.

Prospective students (non-doctoral) need to send the completed application form and the necessary documents to The Dean's and Educational Office, Faculty of Pedagogy and Psychology, or to College International (check the addresses on the application form). Once the completed form has been received, the student will be informed about the details of the examination.

The Academic Year consists of two semesters, the autumn semester begins in September, and the spring semester in February. Freshmen always begin their studies in the Fall semester.

Contact details for application:

contact person: Mónika Barcsy
phone: (+361) 461-4500, ext. 3822
fax: (+361) 461-4592
e-mail: barcsy@gandalf.elte.hu

Tuition fees:

Application fee: EUR 120
Registration fee: EUR 60
Entrance exam fee: EUR 120*
Tuition fee (per semester):
EUR 4,200 /semester
**If the exam is taken in Budapest.*

Academic staff: 126

Academic staff with scientific degree: 63

Members of the Hungarian Academy of Sciences: 1

Number of full-time students in the academic year 2003/2004 (Hungarian education): 852

Number of students studying in foreign languages in 2003/2004: -

Library: The library has a total book stock of about 70,000 volumes, its reference room subscribes to 480 journals, of which over 100 are in a foreign language. The extensive stock of books serves the interest of meeting requirements not only for the acquisition of specialist knowledge but also for cultural and general reading material.

Accommodation: In the student hostel of the university, in rooms with two beds.

Information about the Ph.D. courses in English

Length of study programme : 6 semesters (3 years)

Doctoral (PhD) School in Animal Sciences

The PhD programme in Animal Sciences involves the following main topics:

- poultry and small animal science
- animal production based on grazing
- monogastric and ruminant nutrition
- pig science
- non-invasive digital imaging methods in animal science

Doctoral (PhD) School in Economic Sciences

The PhD programme of the Economics PhD School contains the following main topics:

- economic study of applicability of renewable resources in the agriculture,
- study of economic relations between rural and regional development,
- production of up-to-date foods of animal origin, analysis of economic and market relation systems in food production,
- analysis of profitability and international competitiveness of products of animal origin, with special respect to EU harmonisation.

Name of diploma: Doctor of Philosophy (PhD) in animal science

Name of diploma: Doctor of Philosophy (PhD) in management and organisational science

Tuition fee: 1000 € / year for the training + research costs + living costs

Number of faculties: 7

Number of independent institutes: 2

Number of affiliated institutes: 1

Academic staff: 678

Academic staff with scientific degree: 306

Members of Hungarian Academy of Science: 2

Number of full-time students in the academic year 2003/2004 (Hungarian education): 7843

Number of Ph.D. students: 399

Number of students studying in foreign languages in 2003/2004: 42

Library: Founded in 1735. The total stock contains about 550,000 books and 2,700 journals. The Central Library has about 100,000 users every year.

Computer facilities: The University provides the computing facilities needed to support all the courses offered as well as research work. Computing facilities are based in the University Computer Centre, the Faculty Computer Centres, the computing laboratories of the Institute of Information and the computing laboratories of the various departments. The computing facilities in the different laboratories are varied, ranging from personal computers to multi-user systems. Most of these computers are linked to the university network, providing easy access to university data banks, software tools, library on-line catalogue, workstations, large computer systems, as well as the Internet.

Cultural and sports opportunities: The University is strongly committed to being a cultural centre and is open to hosting all kinds of cultural events. Art exhibitions are regularly held in the Galeria exhibition hall. Concerts organised in the Assembly Hall of the university attract lovers of classical music, while fans of Hungarian and international pop/rock, jazz and blues bands can enjoy the music of their favourites in the Rockwell Club, or you can have a good time and dance in the disco in hall of residence E/2. The university has its own newspaper and editorial staff. There are 12 tennis courts, a football stadium, a sports hall with up-to-date facilities, several gymnasiums and keep-fit rooms, basketball and volley-ball courts.

Foreign Students' Accommodation: On arrival the students get temporary lodging in one of the halls of residence until they rent a flat in the town. Their tutor helps them in finding suitable accommodation. Tutors help students in adapting to the academic programme and to every day life in Hungary.

Health care facilities: Insurance policy USD 0-70/month.

Living costs: Housing (including rent, heating, water and electricity): USD 100-250/month; food, clothing and transport: USD 150-200/month.

Estimated additional costs: USD 50/month.

Preparatory courses: The preparatory courses offered are of one year's duration. The main objective of these programmes is to develop a command of the working language. A further goal is to bring students up to the level required for academic success in basic subjects. Successful completion of the preparatory course will permit the student to join a degree course.

Credit system: exists

Partial training and credit transfer possibilities: possible

Admission process (application procedure, deadlines): Applications will be considered if you include a draft or copy of transfer for the non-refundable application fee of USD 50 and all the following documents:

- copy of your passport (personal data and validity only)
- copy of general certificate of your education, GCE or any equivalent secondary school diploma
- official transcripts, degree/diploma of any higher education already completed
- 4 passport-size photographs
- certificate of medical fitness

Note: notarised English translations required for all written documents except your passport.

The *Letter of Admission* will be sent to you after your complete application has been reviewed.

Deadline for applications: 15 August 2004.

University of Pécs

Name of Institution: University of Pécs

Year of foundation: 1367

Address: Pécs 7633 Szántó K. J. u. 1/B.

Phone: (36-72) 501-500

Internet: <http://www.pte.hu>, <http://www.isc.pte.hu>,

Rector: Dr. László Lénárd

Contact Person: Dr. Ella Álmos

E-mail: isc@isc.pte.hu

Phone /fax: (36-72) 251-300

Number of Faculties: 9

Number of independent institutions:

Number of affiliated institutions: 50

Academic staff: 3474

Academic staff with scientific degree: 655

Members of the Hungarian Academy of Sciences: 5

Number of full-time students in the academic year 2003/2004 (Hungarian education): 15,654

Number of PHD students (academic year 2003/2004): 1096

Number of students studying in foreign languages in 2003/2004: 388

Library: The Central University Library, which was founded in 1774, stocks some 1.5 million volumes and numerous periodicals. This makes it the largest library in the Transdanubian region. In addition, each faculty and colleges has its own library and other document resources.

Computer facilities: The University has many computer labs in many locations. The labs are available to the students for study purposes. E-mail and web access is also provided free of charge.

Cultural and sports opportunities: There is a wide variety of student entertainment facilities both on and off campus. As Pécs is a student city, many bars, clubs and discos provide students with additional opportunities for relaxation and entertainment.

The University has several gyms and fitness rooms. The available sports facilities involve many types of ball games as well as swimming; athletics facilities for all students are provided either free of charge or for a symbolic amount.

Foreign students' accommodation: Halls of residence are (within limits) available for international students. Private flats, rented apartments are available near the university. Approximate monthly cost for a rented apartment: 100-150 EUR per person.

Health care facilities: Full coverage general health insurance for Hungary is a prerequisite for registration at any faculty of the University. Among others, Generali-Providencia Insurance Company offers a 6/12 months health insurance for students. In line with the insurance of Generali-Providencia, medical care is provided by the doctors of the University (hospital). This insurance is valid only in Hungary and the premium is the Hungarian forint equivalent of about USD 140-145 per semester per person.

Living costs: approximately 250 EUR or 300 USD

Estimated additional costs: 125 EUR or 150 USD

Study Abroad and Semester Programmes

The International Studies Centre offers a wide variety of different courses. Our international students can choose from among one-year-long, one-semester-long and two-week-long courses; we can also organise an individual schedule. ISC provides Hungarian language programmes at all levels.

Hungarian language courses in general:

- five-level teaching system:

Basic Hungarian

This level emphasises basic grammar and speaking – everyday and specific vocabulary, reading and writing skills.

Beginner's Hungarian

Building on basic grammatical fundamentals, oral/aural skills, grammar and reading; we concentrate on listening, speaking and reading skills.

Intermediate Hungarian I.

The class provides further expansion of relevant vocabulary and oral/aural skills. Readings include texts with literature, history and folklore, as well as a sociological and political orientation. Students are introduced to more complex grammar.

Intermediate Hungarian II.

Emphasis on reading comprehension exercises, including discussions, writing through work with authentic texts.

Advanced Hungarian

Further emphasis is placed on oral/aural skills, grammar and reading comprehension. Students are expected to make oral presentations and join in discussions on relevant topics.

- communication oriented
- groups of 4-8 students
- professional teaching staff
- possibility of consultation
- special teaching material developed by us
- final exam for credits
- successful language learning

Hungarian Language and Culture Summer School:

- 30 Hungarian lessons per week
- cultural seminars in English
 1. Sociocultural Inequalities in Hungary
 2. Culture, History. Politics in central Europe
 3. A Great Literature Locked up in a Small Language
 4. Hungarian Economy - Past and Present
 5. Hungarian Folklore
- optional trips (Budapest, Baranya county, Transdanubia)
- extra-curricular programmes (folk dances, concerts, parties, films, sport facilities, competitions)
- transcript about the successful exam
- excellent opportunity to meet other "Hungary fans" from all over the world

	4 weeks	2 weeks
Tuition fee:	510 Euro	260 Euro

International Study Programmes in Medicine
University of Pécs Medical School
Courses offered in English and German

Dean of the Medical School: Professor Balázs Sümegi, Ph.D., DSc.
Address: English Program Office, H-7624 Pécs, Szigeti út 12., Hungary
English Programme Phone: +36-72-536-110, 536-001/1204, 1517
Fax: +36-72-536-110
English Programme E-mail: englishprogram.office@aok.pte.hu
English Programme Web: <http://www.pote.hu/englishprogram>
Chairman of the English Programme: Prof. Júlia Szekeres-Barthó, M.D., Ph.D., DSc.
Contact person: Magdolna Kovács, M.D., Ph.D., DSc. Registrar

General information:

The Hungarian Accreditation Board accredited the medical programme in 1997. The faculty is listed in the directory of the World Health Organization. The medical programme is accredited by the United States of America.

Faculty	Degree	Duration	Language of Instruction	Tuition fee per Semester
Medicine	Doctor of Medicine	12 semesters (6 years)	English	4500 USD
Medicine	Ph.D.	6 semesters (3 years)	English or Hungarian	3000-9000 USD

Preparatory courses: These courses are organised for students who require additional instruction or review in basic sciences and languages (English, Hungarian) to prepare them to take the entrance examination for admission into the regular degree programme of the University. The course organised by the University of Pécs is eight months long, starting in October each year. The language of instruction is English. The tuition fee is 3000 USD.

Credit system: Courses are offered under the European Credit Transfer System. Credit transfer is subject to European Credit Transfer System regulations.

Admission process & requirements:

- competence in English language, oral and written
- strong basic knowledge in Biology, Chemistry, and Physics
- a completed application form
- an officially attested English translation of the secondary school-leaving certificate
- an officially attested English translation of the transcript of grades obtained in secondary school certificates or higher courses (if any)
- curriculum vitae in English
- a passport size, recent photo
- letters of recommendation
- 100 USD application and 150 USD entrance examination fee
- successful completion of the entrance examination (Applicants holding a B.A. or a B.Sc. degree in Biology, Biochemistry or Chemistry might be exempted from this.)

Applications are accepted from graduates of accredited high schools or colleges.

Entrance examination: Entrance examinations are held in Hungary and at different locations in Europe, Asia and the United States between March and August each year. (Applicants holding a B.A. or B.Sc. degree in biology, biochemistry or chemistry might be exempted.) The decision about acceptance will be made on the basis of documents submitted and upon an entrance examination, which consists of a written test (Biology, Chemistry or Physics and English Language) and an interview (Biology and alternatively Chemistry or Physics).

Application Procedure: Application forms may be obtained from the English Programme Office, the local representatives of College International, and from Hungarian Embassies in many countries. The completed forms

should be submitted to the English Programme Office or to College International, together with all the necessary enclosures. Deadline for application: for the first round 7 February, for the second round 30 April, and for the third round 30 June 2004. Late applications can be considered on request.

Notice: Students are expected to learn the basics of the Hungarian language during their first four semesters, in order to perform personal interviews with patients, beginning in the fifth semester.

Contact details for application: E-mail: englishprogram.office@aok.pte.hu

<http://www.pote.hu/englishprogram>

Deutschsprachiger Studiengang

Seit dem Wintersemester 2004/2005 bietet die medizinische Fakultät der Universität Pécs auch einen deutschsprachigen Studiengang an.

Zulassung und Studienberatung:

Universität Pécs

Deutsches Studienbüro

H-7624 Pécs, Szigeti út 12.

Tel.: 0036 72 536 001 / 1204 (Durchwahl)

Tel./Fax.: 0036 72 536 110

E-Mail: studien.buero@aok.pte.hu

Bewerbungsunterlagen: <http://www.aok.pte.hu/medizinstudium>

Auswahlkriterien:

Die Zulassung zum Studium erfolgt nicht auf Grund der Ermittlung eines Numerus Clausus oder auf Basis eines Eignungstests. Über jede Aufnahme wird individuell entschieden. Die Zulassungskommission macht sich auf Grund der Abiturdurchschnittsnote, naturwissenschaftlicher Vorkenntnisse (z.B. naturwissenschaftliche Leistungskurse oder ein Studium in einem der naturwissenschaftlichen Fächer) und eventueller praktischer Erfahrung im Gesundheitswesen (Ausbildung, Zivildienst) ein Gesamtbild von jedem Bewerber. Maßgebend für die positive Beurteilung einer Bewerbung ist, dass der zukünftige Student die Kommission mit seiner Bewerbung davon überzeugt, dass er über genug Motivation, Fleiß und Ausdauer verfügt, um das Grundstudium erfolgreich zu absolvieren.

Studiengebühren:

Bewerbungsgebühr	110,- €
Immatrikulationsgebühr	110,- €
1. Semester	5390,- €
2. Semester	5280,- €
3. Semester	4630,- €
4. Semester	4340,- €

Allgemeine Informationen:

Etwa 160 ungarische Studenten beginnen jährlich ihr Studium an der medizinischen Fakultät der Universität Fünfkirchen. Darüber hinaus beginnen 80 Erstsemester den Medizinstudiengang in englischer Sprache und 90 Erstsemester in deutscher Sprache. Gelehrt wird in 23 Kliniken und an 24 Instituten, die sich mit der theoretischen Ausbildung befassen. Nach 6 Jahren Ausbildung wird der Titel „Dr. med.“ verliehen, der in allen Staaten der Europäischen Union anerkannt wird. In Deutschland können Sie den Titel als „Dr. med. (Univ. Pécs)“ führen.

Studienalltag

Die Medizinstudenten an der Universität Fünfkirchen sind in so genannten „Studiengruppen“ von ungefähr 15-18 Studenten organisiert. Jede Studiengruppe wählt einen Gruppensprecher, aus diesen setzt sich der studentische Rat zusammen. Die Gruppensprecher sind das Bindeglied zwischen Studienbüro und Studentenschaft, sie organisieren Freizeitprogramme und sind Ansprechpartner für die Mitglieder ihrer Gruppe. Die Fakultätsbibliothek befindet sich im 3. Stock des Hauptgebäudes, dort haben Sie Zugriff auf über 1000 internationale Fachzeitschriften. Des Weiteren hat jedes Institut eine Institutsbibliothek, wo Sie ausgewählte Fachliteratur finden.

Die Studenten haben freien Internetzugang von den Computerterminals der Universität aus.

Nach dem Sie einen positiven Entscheid über Ihre Bewerbung erhalten haben, erhalten Sie von uns eine Bücherliste, in der die benötigten Lehrbücher aufgelistet sind. Da deutschsprachige Fachbücher in Ungarn teurer als in Deutschland sind, raten wir Ihnen, diese zum Studienbeginn aus Deutschland mitzubringen.

Eine Mensa gibt es nicht, da sich die medizinische Fakultät aber unmittelbar im Studentenviertel der Stadt befindet, gibt es zahlreiche Studentenrestaurants, in denen Tagesmenüs für ca. 1.50 € angeboten werden.

Programmes offered in English, German, Italian, Russian, French, Latin and Spanish

Name of diploma:	Master of Arts degree
Majors:	Teacher of modern European languages and literature
Language of instruction	The given language
Length of study programme	10 semesters
specialisation(s)	English, Russian, Italian, German, French, Latin classical Philology, Spanish (BA)
Admission requirements	Secondary school leaving exam Entrance exam oral and written
Application procedure	<ul style="list-style-type: none">• application form• Secondary school leaving certificate• Oral, written and practical examination

Part time study, credit transfer	Yes

Postgraduate studies

Majors:	Doctor of Liberal Arts in painting or sculpture (DLA)
Length of study programme:	6 semesters (3 years)
Specialisation:	metal / stone / ceramic sculpture
Course description:	<p>The Master School of Fine Arts of Pécs provides a three-year postgraduate art training programme in the fields of painting or sculpture. The Doctor of Liberal Arts (DLA) training programme of the Master School of Fine Arts, which, for the first time, made it possible to obtain a university doctorate degree in the field of fine arts, was introduced in the academic year of 1995-96. The training of Doctors of Liberal Arts offers the possibility of higher education for those outstandingly talented young artists, who became autonomous artists by the end of their undergraduate studies and for whom permanent and supported professional improvement is required. Several traditional methods are also available, such as bronze casting, marble carving and grinding, and monumental wall-painting techniques. Otherwise new materials and media are used in the creative work. The professors' common intention is to teach young artists the different ways of using certain materials, devices and methods in order to become sovereign individuals with high professional knowledge and technical experience. We attach great importance to foreign relations with partner institutions. The Master School exchanges exhibitions with Hungarian and foreign partner institutions. Famous guest professors are invited to offer short, intensive courses, which make the theoretical and practical training more complete.</p>

We attach great importance to foreign relations with partner institutions. The Master School exchanges exhibitions with Hungarian and foreign partner institutions. Famous guest professors are invited to offer short, intensive courses, which make the theoretical and practical training more complete.

Application procedure:

In the first stage, potential applicants should write a letter of request for an application form (to be returned by 15 May).

The completed application form must be accompanied by:

- 1) a curriculum vitae, (eleven copies)
- 2) a copy of your first degree, (eleven copies)
- 3) foreign-language certificate (not your mother tongue) (eleven copies)
- 4) a three-year project proposal (split into six half years) eleven copies)
- 5) a portfolio of your works to date.
- 6) application form (eleven copies)
- 7) voucher of the application fee (eleven copies)

Application deadline:

at the beginning of June each year

Please, contact the professors before the deadline, min. 1 month, and show them your work.

Tuition fee:

2500 USD per semester

This includes course fees, materials and studio, but not accommodation or living expenses.

Semmelweis University

Name of Institution: Semmelweis University

Address: Budapest, VIII. Üllői út 26. 1085 Hungary

Phone: (36-1) 317- 9055

Fax: (36-1) 317 -2220

E-mail: rekhiv@rekhiv.sote.hu

Internet: <http://www.sote.hu>

Rector: Prof. Dr. Tivadar Tulassay M.D., D.Sc.

Number of faculties: 5, located in Budapest, multi-sited; 4 major campuses

Founded in 1769 - Faculty of Medicine

Academic staff: 1357

Academic staff with scientific degree: 537

Members of the Hungarian Academy of Sciences: 7

Number of Hungarian students in the 2003/2004 academic year: 4715 – full time (incl. Ph.D. full time students)

Number of students studying in the Programmes in Foreign Languages: 1241

Number of Ph.D. students: 229 – full time, 190 – part time

Library: the Central Library was founded in 1828 and is located in the main building of the University at Üllői út 26. The library has a remarkable collection of books, (# volumes: 80,000), periodicals, videocassettes, CD-ROM collections, etc. both for lending and studying in the Reading Room. The departments have their own libraries for intensive studies (# volumes: 250,000)

Computer facilities: E-mail, Internet and NEPTUN access is available in the Central Library, in the department libraries and in the Student Centre.

Sport activities: ball games, tennis, fencing, swimming, karate, etc., sports fields.

Accommodation in halls of residence is not provided for fee-paying students. Students stay in private lodgings, in rented rooms or apartments.

Preparatory courses for Medicine, Dentistry and Pharmacy are run in English and German by College International Ltd. and for students preparing for PE courses the faculty provides assistance for the successful completion of the entrance examination. The completion of the course does not imply or assure admission, or dispense with the requirement to sit an entrance examination to the degree programmes.

DENTISTRY PROGRAMME at the Faculty of Dentistry

Name of diploma: Doctor of Dentistry (D.M.D.)

Tuition: in English or German

Length of study programme: 5 academic years (10 semesters)

Transfer is possible to the Faculty of Medicine after the first or second academic year (two semesters).

Admission requirements: see below

Tuition fee: Programme in English

Year 1: USD 10,560
Year 2: USD 8,970
Years 3-5: USD 10,090 (material fee added)

GENERAL MEDICINE PROGRAMME at the Faculty of Medicine

Name of diploma: Doctor of Medicine (M.D.)

Tuition in English or German

Length of study programme: 6 academic years (12 semesters)

Transfer is possible to the Faculty of Dentistry after the first academic year (two semesters)

Application requirements to the Programme in English

- secondary school-leaving certificate
- a good knowledge of English
- entrance examination in Biology, Chemistry and English – oral and written in Budapest or in the countries where the university has local representatives (Norway, Israel, Greece, Cyprus, the U.S.A., Iran)
- Application deadline: end of April

Tuition fee: Programme in English

Year 1: USD 10,560

Years 2-5: USD 8,970

Year 6: USD 10,560

PHARMACY PROGRAMME at the Faculty of Pharmacy

Name of diploma: Master of Science.

Tuition in English

Length of study programme: 5 academic years (10 semesters)

Admission requirements: see above

Tuition fee: Programme in English

Year 1: USD 10,560

Years 2-5: USD 8,970

PH.D. PROGRAMMES at the School of Ph.D Studies of Semmelweis University

Contact person: Prof. Ágoston Szél M.D., Ph.D., D.Sc. President of the Doctoral Council

Head of the Dept. of Human Morphology and Developmental Biology, Tűzoltó u. 58. 1094 Budapest; Phone: +36-1-215-6920, Fax: +36 1 215-3064, E-mail: szel@ana2.sote.hu

Head: Ms Emőke Márton, E-mail: marton@phd.sote.hu

Home page: <http://phd.sote.hu>

Name of diploma: Ph.D. degree

Study structure: Part I: Educational phase – programme courses and research activity

Part II: Qualification phase - examination, writing and defending a dissertation

At the 8 accredited branches of the School several programmes and sub-programmes are available.

Admission requirements:

M.Sc., M.D. or D.D degree, or senior medical/or other student status. Applications may be accepted for one programme only and the subject must be stated.

Applicants to the programmes will be interviewed by the appropriate, at least three-member committee of the programme council.

Deadline for application: 28 May (for the Academic Year 2004-2005).

Tuition fee: depends on the type of the programme (max. USD 3000/semester). Please contact the President at the above e-mail address or the secretariat.

SEMMELWEIS UNIVERSITÄT DEUTSCHSPRACHIGE STUDIENGÄNGE

Anzahl der Fakultäten: 5, in Budapest

Gründung der Fakultät für Medizin: 1769

Gesamtzahl der Lehr- und Forschungskräfte: 1357

Mitarbeiter mit wissenschaftlichem Grad: 537

Mitglieder der Ungarischen Akademie der Wissenschaften: 7

Studentenzahl im Studienjahr 2003/2004 (ungarischsprachiger Unterricht): 4715 – Tagesstudium (inkl. Ph.D.)

Studentenzahl im Studienjahr 2003/2004 (fremdsprachiger Unterricht): 1241

Ph.D. Studenten: 229 – Tagesstudium, 190 – Abend- und Fernstudium

Universitätsbibliothek: Die Universitätsbibliothek wurde im Jahre 1828 gegründet und befindet sich im alten Zentralgebäude der Universität in der Üllői út 26. Mit seinen 80.000 Bänden hat die Bibliothek die größte Auswahl von medizinischen Büchern. Diese und auch eine beträchtliche Anzahl von Fachzeitschriften und Videokassetten stehen zur Verfügung.

Eine CD-ROM Sammlung von Daten ist durch das SOTNET Computernetz erreichbar (<http://www.sote.hu/kszerv/kszerve/kk/index.html>). Die verschiedenen Einrichtungen (Institute und Kliniken) der Universität haben ihre eigenen Bibliotheken mit insgesamt etwa 250.000 Bänden.

Computerbenutzung: Zugang zum Internet, NEPTUN und E-mail finden die Studenten in der Universitätsbibliothek und im Studentenzentrum.

Freizeit und Sport: Sportzentrum der Universität mit seinen verschiedenen Sektionen:

Hand-, Volley- und Wasserball, Tennis, Fechten, Karate, Schwimmen usw.

Vorbereitungskurs: 2-semestriges Kurs zur Vorbereitung auf das Medizinstudium in den Fächern Biologie, Chemie und Physik-Mathematik werden von College International in deutscher und englischer Sprache durchgeführt.

STUDIENGÄNGE

Fakultät für Medizin, Fakultät für Zahnheilkunde

Kontaktperson: Prof. Dr. Kádár Anna, Direktorin des Sekretariates für ausländische Studenten, zuständig für das Unterrichtsprogramm.

Weitere Ansprechpartner:

Frau Magdolna Fonyó, Abteilungsleiterin und zuständig für den deutschsprachigen Studiengang

Adresse: Sekretariat für ausländische Studenten, H-1085 Budapest, Üllői út 26

Studentensekretariat für den deutschsprachigen Studiengang:

Telefon: (36-1) 317 09 32; Telefax: (36-1) 266 67 32

E-mail: fonmag@rekhiv.sote.hu

STUDIUM DER HUMANMEDIZIN

Abschluss: Diplom und Dokortitel „dr. med“. (Damit sind alle fachlichen Voraussetzungen erfüllt, um in Ungarn den ärztlichen Beruf uneingeschränkt ausüben zu können bzw. die Approbation zum Arzt zu erlangen.)

Dauer des Studiums: 6 Jahre (12 Semester)

Im deutschsprachigen Studiengang wird nach Abschluss des zweiten Studienjahres ein Zeugnis über die ärztliche Vorprüfung ausgestellt. Der Wechsel an eine deutsche Universität ist daher gewährleistet.

Grundvoraussetzung für eine Bewerbung für den deutschsprachigen Studiengang ist das Zeugnis der Allgemeinen Hochschulreife. Eine Aufnahmeprüfung gibt es nicht. Lediglich für jene, die nicht über ein Zeugnis der deutschen Allgemeinen Hochschulreife verfügen und deren Muttersprache nicht deutsch ist, findet ein Aufnahmegespräch bzw. eine Aufnahmeprüfung statt.

Da das Studium stark naturwissenschaftlich ausgerichtet ist, werden jene Bewerber bevorzugt, die neben aufzuweisenden Abiturleistungen naturwissenschaftliche Fächer (Physik, Chemie, Biologie oder Mathematik) als Leistungskurs absolvierten; naturwissenschaftliche Fächer an einer Universität belegten bzw. nach dem Gymnasium im Gesundheitswesen tätig waren oder dort ihren Zivildienst abgeleistet haben.

Bewerbungsfrist: 30. Mai

Studiengebühren: 1. Studienjahr: 10.560.- EUR

2.-5. Studienjahr: 8.970.- EUR

6. Studienjahr: 10.560.- EUR

(Bei gutem Leistungsdurchschnitt wird eine Studiengebührermäßigung gewährt, 10-15%)

STUDIUM DER ZAHNMEDIZIN

Abschluss: Diplom und Dokortitel „dr. dent“. *(Damit sind alle fachlichen Voraussetzungen erfüllt, um in Ungarn den zahnärztlichen Beruf uneingeschränkt ausüben zu können bzw. die Approbation zum Zahnarzt zu erlangen.)*

Dauer des Studiums: 5 Jahre (10 Semester)

Für eine begrenzte Zahl von Studenten des deutschsprachigen Studienganges für Humanmedizin besteht die Möglichkeit, nach bestandener ärztlicher Vorprüfung (inklusive Absolvierung der in der Vorklinik abzuleistenden zahnmedizinischen Propädeutikkurse) auf die Fakultät für Zahnheilkunde überzuwechseln.

Studiengebühren: 3.-5. Studienjahr: je 8.970.- EUR
(Studiengebührenermäßigung gilt auch hier)

Zusätzlich zu den Studiengebühren werden Gebühren für Materialverbrauch und Instrumentenbenutzung - pro Semester 530.- EUR - erhoben.

PHYSICAL EDUCATION PROGRAMME

Name of diploma: M.Ed., Master of Education in Physical Education

Length of study programme: 4 academic years, 8 semesters

Language of instruction: English

Admission requirements: Secondary School Certification from an accredited secondary school;
English written test and general interview;
Physical aptitude test (conditional and coordinational);

The curriculum parallels the standard curriculum found in Hungary and most European physical education programmes. Within the full-time courses, students are taught natural, social and sport sciences, technical and tactical features of various sports and their training methods with appropriate theoretical background. In addition, during the 8 semesters, students gain much valued experience of physical education teaching in school, recreation, hiking, skiing, water sports, etc., through summer, winter and mid-term camps.

HUMAN KINESIOLOGY – REHABILITATION PROGRAMME

Name of diploma: Master of Science in Human Kinesiology - Rehabilitation

Length of study programme: 4 academic years, 8 semesters

Language of instruction: English

Admission requirements: Secondary School Certification from an accredited secondary school;
English written test and general interview,
Biology written test and oral examination,
Chemistry written test and oral examination.

Graduates of this programme will be familiar with natural and sport sciences and will be able to analyse and apply the principles of human movement structure. In addition, they will be able to collect and analyse scientific data of different movements and activities and study their effects on the human body. Human Kinesiology deals with human movement; it investigates the movement of healthy people for performance improvement and disabled patients, persons with special needs for habilitation, rehabilitation and movement correctional purposes. It examines the laws of the movement of biological systems in their interactions with the external world and in their complexity by natural scientific method. In this way, it is closely related not only to physics and mathematics, but also to anatomy, physiology, biochemistry, orthopaedics, pathology and even psychology. It is generally accepted that kinesiology has its own independent field of research and applies independent methods. Therefore, the qualification can be used in sport science laboratories, health centres, research laboratories of medical institutions, sport centres and clubs, PE and other departments of higher education, institutions in teaching and research positions, fitness-wellness-health centres, etc.

Dates of the Entrance Examinations

Human Kinesiology - together with other Hungarian Universities between 21 May and 22 July organised by the local representatives. Application deadline: 30 May 2004.

Physical Education - together with the Hungarian applicants between 2 July and 6 July 6 2004 or late August 2004, both in Budapest. Application deadline: 30 May 2004.

Cost of the Programmes (for two semesters tuition):**Year 1: EUR 5900.-**

1st semester: EUR 3900.-

+ EUR 100.- Application fee

+ EUR 250.- Examination fee

+ EUR 50.- Registration fee/semester

2nd semester: EUR 2000.-

Year 2: EUR 5900.-

1st semester: EUR 3900.-

2nd semester: EUR 2000.-

+ EUR 30.- Registration fee/semester

Year 3: EUR 5400.-

1st semester: EUR 2900.-

2nd semester: EUR 2500.-

+ EUR 30.- Registration fee/semester

Year 4: EUR 5400.-

1st semester: EUR 2900.-

2nd semester: EUR 2500.-

+ EUR 50.- Registration fee/semester

Rector: Prof. Dr. Gábor Szabó

Professors and researchers: 756

Academic staff with scientific degree: 379

Members of the Hungarian Academy of Sciences: 5

Number of full-time students in the academic year 2003/2004 (Hungarian education): 6366

Number of Ph.D. students: 274

Number of students in the English PhD. Programme: 4

Number of students studying in foreign languages in 2003/2004 (English and German programmes): 460

Library: 15 different libraries connected with the institutions and departments. The Central Medical Library was established in 1946. It contains 142,000 books and periodicals, and has a direct med-line connection to the European medical databanks. The University Library offers more than 1,250,000 volumes and periodicals to meet students' requirements. A new library is under construction and is going to be furnished with up to 700 computers and a reading room seating 1000. On completion, this will be the largest library in East-Central Europe.

Computer facilities: A computer room with 24 terminals; workstations at the departments; the students can use computers at the Department of Informatics (Internet available at all locations).

Free time and sports activities: Programmes offered through the Department of Physical Education include tennis, swimming, physical fitness and conditioning courses, rowing, soccer, table tennis, water polo, handball, basketball, volleyball. Seasonal ski tours are organised to the surrounding countries.

Foreign students' accommodation: The University maintains its own apartment house consisting of 24 furnished apartments, which are available to students of the Foreign Language Programmes. Information about the rental rates is available from the Foreign Students' Secretariat. The Secretariat also provides help in finding private accommodation.

Additional costs: living expenses: approx. 600-700 USD/month

Preparatory courses: Hungary & East-Central Europe International Studies Centre (Introduction to Hungarian language and culture in two semesters, study abroad programme with a certificate and optional exam in the Hungarian language.) Language of instruction is English. Enrolment with secondary school certificate and a working knowledge of English. Orientation fee € 30, tuition fee € 1800 per semester. Application: 1 June.

Contact person: Ms. Andrea Lehocki-Balog

General information:

The Hungarian Accreditation Board accredited the medical and pharmaceutical programmes in 1998. The faculties are listed in the directory of the World Health Organization. In a university survey our school was ranked as first within the Hungarian medical schools on the basis of value and marketability of the training and the degree received in Hungary.

The medical programme fulfilled all the criteria of a visiting committee the New York State Educational department. Our programme is accredited by California State. Our students can participate in clinical clerkships in approved training sites in California and our graduates can take part in postgraduate training programmes and become licensed in California, provided all licensing requirements are met.

Faculty	Degree	Duration	Language of Instruction	Tuition fee first year	Tuition fee upper years
Medicine	Doctor of Medicine	12 semesters (6 years)	English	9130 USD	7720 USD
Medicine	Doctor of Medicine	12 semesters (6 years)	Hungarian	9130 USD	7720 USD
Medicine	Ph.D.	6 semesters (3 years)	English	3000-7000 USD	3000-7000 USD
Pharmacy	Master of Pharmacy	10 semesters (5 years)	English	6125 USD	5200 USD
Pharmacy	Master of Pharmacy	10 semesters (5 years)	Hungarian	6125 USD	5200 USD
Pharmacy	Ph.D.	6 semesters (3 years)	English	3000-7000 USD	3000-7000 USD
Medicine	Zeugnis der Ärztlichen Vorprüfung	4 semesters (2 years)	German	10560 EUR	8830 EUR
Medicine	Zeugnis der Ärztlichen Vorprüfung	4 semesters (2 years)	Hungarian	10560 EUR	8830 EUR

Preparatory courses: These courses are organised for students who require additional instruction or review in basic sciences and languages (English, Hungarian) to prepare them to take the entrance examination for admission into the regular degree programmes of the University. The course organised by University of Szeged is eight months long, starting in October each year. The language of instruction is English. The course accepts 35-40 students. The tuition fee is 4700 USD.

Credit system: Courses are offered under the European Credit Transfer System

Partial training and credit transfer possibilities: Medical training in German is offered for 4 semesters to obtain “Zeugnis der Ärztlichen Vorprüfung”. Students can continue their studies in our English programme or transfer to Semmelweis University, Budapest Hungary to finish their studies in Hungary. Credit transfer is subject to European Credit Transfer System regulations.

Admission process & requirements:

- competence in English language, oral and written
- secondary school-leaving certificate
- successful completion of the entrance examination
- handwritten curriculum vitae
- two passport size, recent photos
- medical certificate (including HIV-test and proof of vaccination against hepatitis B)
- letters of recommendation
- certificate proving financial capability to cover the expenses of studies
- 100 USD application and examination fee
- photocopy of passport

Applications are accepted from graduates of accredited high schools or colleges. Applicants are required to be over the age of 18 in the year of application.

Entrance examination: Entrance examinations are held in Hungary and at different locations in Europe, Asia and the United States between 20 March and 20 August each year. The decision about acceptance will be made on the basis of documents submitted and upon an entrance examination, which consists of a written test (Biology, Chemistry or Physics and English Language) and an oral interview (Biology and alternatively Chemistry or Physics).

Application Procedure: Application forms may be obtained from the Foreign Students' Secretariat. The completed forms should be sent back to the Secretariat, together with all the necessary enclosures. Deadline for

application: first round 15 February and second round 31 July 2004. Late applications can be considered on request.

Notice: Students are expected to learn the basics of the Hungarian language during their first four semesters, in order to perform personal interviews with patients, beginning in the fifth semester.

Contact details for application: by mail or via internet

Deutschsprachiger Studiengang

Seit dem Studienjahr 1999/2000 besteht auf der Medizinischen Fakultät auch ein deutschsprachiger Studiengang (Studium der Humanmedizin bis zur ärztlichen Vorprüfung (Vorklinischer Abschnitt) - 4 Semester).

Bewerbung: Bewerbungsunterlagen sind anzufordern beim Sekretariat für ausländische Studenten der Universität Szeged, Albert Szent-Györgyi Medizinisches und Pharmazeutisches Zentrum (H-6720 Szeged, Dóm tér 12., Telefon: (36-62) 545-030, Fax: (36-62) 545-028, E-mail: deutsches.programm@medea.szote.u-szeged.hu, Web: <http://www.szote.u-szeged.hu/angoltit>).

Die Bewerbungen (ausgefülltes Anmeldeformular und die in den Bewerbungsunterlagen angegebenen Dokumente) sind an das Sekretariat für ausländische Studenten zu richten. Die Anmeldefrist ist der 15. Juli.

Auswahlkriterien: Grundvoraussetzung für eine Bewerbung ist das Zeugnis der Allgemeinen Hochschulreife. Eine Aufnahmeprüfung gibt es nicht. Lediglich jene, die nicht über ein Zeugnis der Allgemeinen Hochschulreife, erworben an einem Gymnasium in Deutschland, verfügen, müssen sich einer Aufnahmeprüfung unterziehen. Die Auswahl erfolgt aufgrund der vom Bewerber eingebrachten Unterlagen.

Nicht berücksichtigt werden Bewerber unter 18 Jahren und jene, die das Studium Anfang September nicht beginnen können.

Bevorzugt werden Bewerber unter dem 30. Lebensjahr.

Da das Studium an der Allgemeinmedizinischen Fakultät der Universität Szeged stark naturwissenschaftlich ausgerichtet ist, werden jene Bewerber bevorzugt, die – neben aufzuweisenden Abiturleistungen -

- naturwissenschaftliche Fächer (Physik, Chemie, Biologie oder Mathematik) als Leistungskurs absolvierten;
- naturwissenschaftliche Fächer an einer Universität belegt haben
- nach dem Gymnasium im Gesundheitswesen tätig waren oder dort ihren Zivildienst ableisteten.

Studiengebühren:

- Bewerbungsgebühren 110.-EUR
- 1. Studienjahr (bestehend aus 10 Monaten): 10.560.-EUR
Immatrikulationsgebühren: 110.-EUR
- 2. Studienjahr (bestehend aus 10 Monaten): 8.830.-EUR

Nach den zwei erfolgreich abgeschlossenen Jahren kann das Studium auf dem englischsprachigen Studiengang der Universität Szeged fortgesetzt werden, bzw. auf dem deutschsprachigen Studiengang der Semmelweis Universität in Budapest.

Allgemeine Informationen:

Bibliothek: Die Medizinische Bibliothek wurde 1946 gegründet. Sie beinhaltet 142.000 Bücher und Zeitschriften, und hat eine direkte med-line Verbindung zu den europäischen medizinischen Datenbanken. In der zentralen Universitätsbibliothek können die Studenten aus etwa 1.250.000 Fachbüchern und Zeitschriften wählen. Der Bau eines neuen 16,000 m² grossen Gebäudes für die Universitätsbibliothek ist im Gange. Nach Beendigung der Bauarbeiten wird die Universitätsbibliothek so als die grösste Bibliothek der mittel-osteuropäischen Region gelten.

Computerbenutzung: Den Studenten stehen die Computer im Lehrstuhl für Informatik zur Verfügung.

Freizeit und Sportmöglichkeiten: Für das Sportleben der Universität ist der Lehrstuhl für Körpererziehung verantwortlich. Die von dem Lehrstuhl angebotenen Programme und Aktivitäten umfassen Tennis, Schwimmen, Fitness und Konditionstraining, Skilaufen und Rudern. Den Studenten stehen weiterhin die Sportplätze der Universität zur Verfügung, wo sie unter anderem Fussball spielen können. Die Studenten können auch aus einer Vielfalt von Hallensportprogrammen wählen: Tischtennis, Wasserball, Handball, Basketball und Volleyball. Der Lehrstuhl organisiert im Winter Ski-Touren zu den benachbarten Ländern. Weiterhin bieten sich ausgezeichnete Möglichkeiten zum Rudern und anderen Wassersportarten. Gelegentlich werden auch Wander-Touren organisiert.

Studentenwohnheim: Die Universität verfügt über ein Studentenwohnheim. Das Wohnheim befindet sich in einer Wohnsiedlung und besteht aus 24 möblierten, 1,2,3-Zimmer Wohnungen. Weitere Informationen sind im Sekretariat für ausländische Studenten erhältlich.

 Akreditierung: bisher noch nicht akreditiert
 Struktur der Ausbildung: Zusatzausbildung
 Kursgebühr: 40.000 Ft (für Studenten)
 60.000 Ft (für Postgraduierte)
 Dauer der Ausbildung: 4 Semester
 Vorhandene Hilfsmittel: Fachbibliothek des Institutes
 Intensität der Kooperation: Ausbildung im hiesigen Institut
 Kooperation mit der Universität Potsdam
 Abschlusszeugnis: Zeugnis der Universitäten Potsdam und Szeged

Rahmenbedingungen:

- Wohnsituation: in Szeged befinden sich mehrere Wohnheime
es gibt viele Möglichkeiten für Wohngemeinschaften und
Untermiete
- Institutsbibliothek: Fachbibliothek, und in der Stadt befinden sich noch
mehrere Bibliotheken
- Essen: in der Stadt sind mehrere Mensen zu finden (Menü etwa 400 Ft)
daneben gibt es viele Restaurants (Menü ab 450 Ft)
- Krankenversicherung: man muss bei einer ungarischen oder
ausländischen Krankenversicherung versichert sein
- Freizeit: Sportangebote an der Universität und in der Stadt
Theatergruppe
Univeritätsklubs
- ÖPNV: günstige Monatskarte für die Studenten

Szent István University

Name of Institution: Szent István University

Address: Gödöllő, Páter K. u. 1. Hungary

Phone: (36) 28522 000

Internet: www.szie.hu

Rector: Prof. Dr. József Molnár

Number of faculties: 6 located on 4 different campuses mainly in Budapest and Gödöllő

Academic staff: 1100

Academic staff with scientific degree: 429

Members of Hungarian Academy of Sciences: 9

Number of students in the academic year 2003/2004 (Hungarian education): approx. 24,000

Number of Ph.D. students: 450

Number of students studying in foreign languages in 2003/2004: approx. 800

Library: largest national library in agricultural and related sciences with more than 900,000 volumes of scientific books and periodicals

Computer facilities: computer labs for study purposes, e-mail and web are available

Sports activities: soccer, basketball, volleyball, handball, athletics, karate, swimming, fencing, riding, tennis

Accommodation: limited number of rooms in dormitories available; assistance is given in finding private accommodation by the International Office.

Preparatory courses: in subjects relevant to the chosen course and in English; short courses (3-4 weeks before starting the regular university training) and one-year courses are available

International Study Programmes

Contact Person: Prof. Dr. Ferenc Hajós

Contact info: Office of International Study Programmes,
H-1400 Budapest, P.O. Box 2,

phone: (361) 4784106, **fax:** (361) 478 4117, **e-mail:** student@univet.hu

Admission criteria:

- - secondary school certificate, in official English translation
- - good working English
- passing of the entrance test or interview-based acceptance
- - payment of application fee (110 EUR) and tuition fees

Application procedure:

- submission of the Application Form (available upon request from the Office of International Study Programmes, see above) + copy of your passport, curriculum vitae, certificate of medical fitness
- - entrance test or interview

For more information (subjects, deadlines, dates, etc.) contact the secretary, (361) 4784106
Minimum number of students admitted to a BSc or MSc course: 6 - 8

B.Sc. study programme

Length of study programme: 8 semesters

Name of diploma: Bachelor's degree

Courses offered:

- Agriculture,
- Economics & Finance,
- Informatics
- Mechanical engineering
- Environmental Engineering
- Architecture
- Civil engineering
- Animal sciences

M.Sc. study programme

Length of study programme: 4 semesters

Name of diploma: Master's degree

Admission criteria: B.Sc. degree

Courses offered:

- Agriculture,

- Economics & Finance,
- Informatics
- Mechanical Engineering
- Environmental Engineering
- Veterinary medicine (**D.V.M**) Length: 10 semesters

Tuition fees

Course	Year 1	Years 2-3	Year 4 (internship +diploma)	Year 5 (Masters year 1)	Year 6 (Masters year 2)	Total cost* (B.Sc.+M.Sc.)
Agriculture	5250	4700	2900	5000	5000	17,550 10,000

General information:

The Faculty of Agricultural and Environmental Sciences is the only agricultural faculty in Hungary which offers English language taught BSc and MSc degrees in agricultural and environmental sciences.

The BSc Programme is a general agricultural course and consists of six semesters. As part of the graduate programme one semester (8 weeks) of preliminary studies is also available to level up knowledge of the students in general sciences. Therefore, the maximum duration of the programme is 38 months. The programme is focused on lectures and practical classes, including farm practice. Thesis preparation is also requested, but the graduate thesis should be largely literature based, while limited experimental work might be also included.

Graduated students have the opportunity to continue their studies on the MSc programme at the faculty.

The MSc programme is thesis-oriented and consists of four semesters, with a maximum of 24 months for completion. The emphasis of the programme is on the lectures and the individual research possibility for each student. Students are allowed to choose the topics of their thesis according to their own interests at the end of the second semester and by the end of the fourth semester they should be ready to defend their completed thesis. Thesis work has a central role in the MSc programme. Different departments of FAES contribute to each MSc programme and, when necessary, co-operation with other universities or research institutes in Hungary can be organised.

Both BSc and MSc programmes begin once annually, namely in September, except the preliminary semester for BSc, which starts in late July. Total length of study is 36 months for the BSc, while it is 24 months for the MSc programme. Each semester lasts for 5 months (except the "0" semester of BSc, which is two months long), including both teaching and individual examination periods. The language of study is English.

Credit system:

Credits are measured in terms of the hours of work involved: one credit is equivalent to a 30-hour workload. The workload includes lectures, practice, research and self-directed scientific activities.

Admission process (application procedure, deadlines):

The basic requirement for admission to a B.Sc. course is the certificate or an attested copy of a successful final examination at a secondary school or any equivalent certificate. Candidates who intend to join to any MSc programme detailed above should have a graduate degree (BSc or equivalent) in agriculture, agronomy, animal science (or equivalent in veterinary science) or plant production relevant to the programme selected. Candidates should be well versed in mathematics and statistics.

Candidates should also have a good command of the English language.

The following documents must be attached to the **APPLICATION FORM**:

- ✎ Final Certificate or its Attested Copy
- ✎ Result in English Test or its Attested Copy
- ✎ Curriculum Vitae
- ✎ Recommendation Letter
- ✎ Financial Support
- ✎ Learning Agreement
- ✎ Medical Clearance

The attached Student's Application Form should be filled out by each student aiming for admission to the Faculty of Agricultural and Environmental Sciences. This document can be downloaded from the faculty home page <http://www.fa.gau.hu> in WinWord 6 version.

The attached Learning Agreement should be completed by each student to obtain registration to the Faculty of Agricultural and Environmental Sciences.

This document can be downloaded from the faculty home page <http://www.fa.gau.hu> in WinWord 6 version.

Students who are supported by their governments, employers or other sponsors should produce a letter from their sponsors guaranteeing that their fees will be paid by the given deadline.

Applications are welcome at any time of the year, but the courses start only at the beginning of September each year.

The deadline for September courses is 30 June, but for preliminary course early application is requested by the deadline of 31 May.

Contact details for application:

Undergraduate programme:

Name of diploma: BSc in Agricultural Sciences

Majors:

Students can choose from 5 majors:

1. Freshwater Fisheries
2. Crop production
3. Animal Nutrition
4. Horticulture
5. International Agriculture and Quality Assurance

Length of study programme: 36 months (six semesters)

Admission criteria: Certificate or an attested copy of a successful examination at secondary school or any equivalent certificate.

Graduate programmes

M.Sc. courses

Name of diploma: M.Sc. Diploma in Agricultural Sciences

Majors:

Students can choose from 9 majors:

1. Animal Science
2. Plant Science
3. Horticulture
4. Biotechnology and Microbiological Sciences
5. Wildlife Ecology, Conservation and Management
6. Environmental Sciences
7. Fishery and Fish Culture
8. Hydrology-Hydrogeology and Geological Exploration
9. Soil Sciences and Land Use

Length of study programme: 24 month (four semesters)

Admission criteria:

Candidates who intend to join any MSc Programme detailed above, should have a first degree (BSc or equivalent) in agriculture, agronomy, animal science (or equivalent in veterinary science) or plant production, relevant to the programme selected. Candidates should be well versed in mathematics and statistics. Candidates should also have a good command of English.

Postgraduate programmes:

Animal Husbandry PhD School

Name of diploma: Doctor of Philosophy in Animal Husbandry Science

Majors:

Biology of reproduction and development

Animal biotechnology, molecular genetics in animal husbandry

Animal nutrition, food toxicology

Animal physiology

Improvement and production of farmed ruminants

Improvement and production of hog stocks

Poultry farming

Meat production

Wildlife biology and management

Fish biology and fish farming

Length of study programme: 3 years

Admission criteria: M.Sc. diploma, scientific record

Contact person: Prof. Dr. László Horváth D.Sc.,

Fax: (36-88) 423 210,
E-mail: npo@almos.vein.hu
Website: www.npo.vein.hu
Number of full-time students in the academic year 2003/2004 (Hungarian language education): 8000
Number of Ph.D. students: 380
Computer facilities: The University has computer labs that are available to the students for study purposes. E-mail and Internet access are also available.
Sport facilities: The University has several gyms. Sport activities are available free of charge to all university students.
Accommodation: Dormitories are available only for Hungarian students.

Courses offered in English

Majors:

Environmental Engineering
Chemical Engineering
Information Technology
Business Economics
Tourism and Hotel Management
Plant Protection

Name of diploma:

- **M.Sc.** degree in the field of **Environmental Engineering** (ten-semester, full-time programme);
- **B.Eng.** and **M.Eng.** degrees in the field of **Chemical Engineering** (seven-semester and ten-semester, full-time programmes respectively);
- **B.Sc.** and **M.Sc.** degrees in the field of **Information Technology** (four-semester and two-semester, full-time programmes respectively);
- **M.Sc.** degree in the field of **Business Economics** (ten-semester corresponding programme);
- **B.Sc.** degree in **Tourism and Hospitality Management** (six-semester, full-time programme);
- **M.Sc.** degree in the field of **Plant Protection** (four-semester, full-time programme).

Admission criteria:

Entrance examination,

- for the ten-semester **Environmental Engineering M.Sc.** programme this involves:
 - mathematics, and physics or chemistry or biology
- for the seven-semester and ten-semester **Chemical Engineering B.Eng.** and **M.Eng.** programmes it involves:
 - mathematics, and physics or chemistry
- for the four-semester and two-semester **Information Technology B.Sc.** and **M.Sc.** programmes:
 - to be announced (please check <http://dcs.vein.hu/ICT> for the latest update)
- for the ten-semester **Business Economics M.Sc.** programme:
 - mathematics and economics
- for the six-semester **Tourism and Hospitality Management B.Sc.** programme:
- no entrance examination
- for the four-semester **Doctor of Plant Health M.Sc.** programme:
- no entrance examination.

Language knowledge:

- An interview will be held in English after the entrance examination unless the applicant has a certificate of TOEFL (score above 500 points) or other equivalent English language certificate, which is not more than two years old.

Application:

A complete application comprises the Application Form and the following documents

- copy of passport;
- certified copy of birth certificate and its certified English translation attested by a notary public;
- certified copy of secondary/higher educational institution records and its certified English translation attested by a notary public;
- certified copy of maturity examination (or secondary/higher educational institution final examination or general certificate of education) and its certified English translation attested by a notary public;
- draft cheque or copy of the bank transfer for the non-refundable application fee of 50 USD and entrance examination fee of 200 USD;
- recent medical certificate of general health status;
- curriculum vitae in English;
- six recent photographs (40x40 mm).

The application form should be dully filled in using capital letters and sent in with the all requested documents to arrive before the deadline.

The deadline for the submission of the application for the academic year 2004/2005 is 31 July 2004.

The application should be submitted to the following address:

International Relations and Project Office

University of Veszprém
Veszprém, Egyetem u. 10
H-8200 HUNGARY

Tuition fees:

- for the programmes in **Environmental Engineering** and **Doctor of Plant Health**: 3000 USD/semester;
- for the programme in **Chemical Engineering**: 4000 USD/semester;
- for the **M.Sc.** programme in **Information Technology**: 4000 USD/semester
- for the **B.Sc.** programme in **Information Technology**: 3500 USD/semester;
- for the programme in **Business Economics**: 4150 USD/semester;
- for the programme in **Tourism and Hospitality Management**: 2250 Euro/semester;

The tuition fee for the first semester should be paid in USD in one sum prior to enrolment via cheque or bank transfer to the bank account of the University of Veszprém.

Account number **10048005-01426696-00000000**

Name of bank: **Magyar Államkincstár**

The certificate of the payment or bank transfer should be shown at the International Relations and Project Office, University of Veszprém prior to enrolment. In the case of late or partial payment of the tuition fee, the University of Veszprém reserves the right to refuse enrolment.

Note:

- After enrolment the tuition fee is not refundable.
- Please inquire if there is any banking administration charge for your money transfer to ensure that full tuition amount has been transferred.
- The University of Veszprém reserves the right to change the amount of tuition fees for the following academic semesters. The applicant should check the relevant university Internet web pages for the updated information.
- It should be noted that tuition fees do not include teaching materials, books, etc.

Number of Ph.D. students: -
Number of students studying in foreign languages in 2003/04: 3
Library: Apor Vilmos Catholic College has a Central Library that is open to all students. It provides 350 m² of reading and research space and can accommodate 58 readers at a time. The library has a technical reference section with free access to materials and the ALEPH integrated system, and on-line access to international data bases. The present collection has 66,000 volumes (books, lecture notes, etc.), 46,000 volumes in the lending division, and 170 periodicals. There is a special library for religious studies (1300 volumes) at the College building in Budapest.
Computer facilities: The College has 4 computer labs (90 computers) that are available to the students for study purposes all day. E-mail and Internet access are also available.
Cultural and sports activities: The College has a gym, a swimming pool, a body-building room and tennis grounds, 2 local riding schools – chamber orchestra, mixed choir, drama education.
Foreign students' accommodation: At the College Hostel places are available in a limited number (single rooms, double rooms at EUR 100/month). Further Hostels are available near the College in Budapest (30 kilometres). Private apartment rentals are available at EUR 2-300/month.
Health care facilities: The College has its own consultation room and consulting hours.
Living costs: EUR 100-200/month.
Estimated additional costs: EUR 50 (books, travel, etc.)
Tuition fees: EUR 1800/semester

Course offered in German

Undergraduate programme

Religionswissenschaft - Universitäres Fach mit Magisterabschluss

Name des Diploms: Magister der Religionswissenschaft

Länge des Studiums: 8 Semester bei einem Einfachstudium

Zulassungsbedingung: Abiturzeugnis und Aufnahmegespräch

Allgemeine Information: Die Apor Vilmos Katholische Hochschule wird mit dem Herbstsemester 2004 das Fach Religionswissenschaft als erstes universitäres Fach an der Hochschule anbieten. Das Studium wird in zwei Ebenen ablaufen. Während des Grundstudiums erhält der Student einen Überblick über die allgemeine Religionswissenschaft und die einzelnen Religionen im Umfeld des Christentums bis hin zu den fernöstlichen Religionen, sowie eine sprachliche Ausbildung: Griechisch als Grundlage, eine zweite alte Sprache ist gefordert: Koptisch, Syrisch, Latein, Äthiopisch, Hebräisch. Die Vorlesung zur allgemeinen Religionswissenschaft gibt einen Überblick über die philosophisch-religiösen Zusammenhänge in der Neuzeit. Daneben werden angeboten: Religionspsychologie, Religionssoziologie, Geschichte der Philosophie, Religionsethnographie, Bibelwissenschaft, Weltreligionen, antike Religionen, Religion in der Gegenwart.

In der zweiten Phase des Studiums bieten wir die folgenden Spezialisierungen an:

1. Religionsgeschichte im Hellenismus und in der Spätantike mit besonderem Gewicht auf die geistigen Strömungen dieser Periode (Judentum, Christentum, Gnosis, philosophische Schulen). Diese Strömungen werden in ihren gegenseitigen Beziehungen dargestellt. Besonderer Augenmerk wird auf die Kenntnis der antiken Originalliteratur gelegt: am Ende des Studiums soll der Student fähig sein die Quellen wenigstens in zwei antiken Sprachen zu verwerten.

2. Sprachen des christlichen Orients aus der Sicht der Religionsgeschichte. Die Erforschung des werdenden Christentums ist erschwert durch die Vielzahl der Sprachen in denen die Quellen erhalten sind. Das Ziel dieser Spezialisierung ist die Quellen in den Originalsprachen zu erschließen.

3. Mittelalterliche Religionsgeschichte – in dieser Spezialisierung werden die Religionen (westliches und östliches Christentum, Judentum und Islam) und die religiösen Bewegungen in Europa (Religionsstreite, Häresien, Mönchtum, Aberglauben, Heiligenlegenden, u. s. w.) behandelt. Der Schwerpunkt liegt auf dem Studium der Originalquellen. Neben dem obligatorischen Latein kann der Student Griechisch, Arabisch, rabbinisches Hebräisch und Kirchenslawisch wählen.

4. Religion in der Gegenwart – diese Spezialisierung beschäftigt sich mit den aktuellen Problemen der Religionen aus Sicht der Religionspsychologie und der Religionssoziologie: Erneuerungsbewegungen, Bedeutung der Sekten, Dialog zwischen den Religionen, u.s.w.

Um eine Spezialisierung zu verwirklichen, bedarf es einer bestimmten Anzahl von Studenten.

Der Vorlesungs- und Seminarort ist Budapest!

Number of faculties: 3

Number of affiliated institutes: 2

Academic staff: 511

Academic staff with scientific degree: 64

Members of the Hungarian Academy of Sciences: 2

Number of full-time students in the academic year 2003/2004 (Hungarian education): 14,185

Number of students studying in foreign languages in 2003/04: 645

Number of non-Hungarian students studying in foreign languages in 2003/04: 35

Library: One central and 5 faculty libraries housing 245,000 books and 45,714 volumes of professional journals and reports. At the same time the libraries have a strong technical reference section with free access to materials, reading and research rooms and on-line access to international data bases.

Computer facilities: The BBS has several computer labs with more than 1800 PCs that are available to the students for study purposes. E-mail and Internet access are also available

Cultural and sports opportunities: The potential sports activities available free of charge to all students include: volleyball, basketball, body-building, table-tennis, swimming and athletics.

Foreign Students' Accommodation: Student Dormitory in limited numbers. Through its contacts with individual owners and real-estate agencies, the BBS assists students to the best of its ability in finding a flat to rent for the duration of their stay, by providing the information at its disposal about flats offered for rent and about real estate agencies. The monthly rents range from about 300 EURO to 350 EURO/person depending on the size and location of the flat, as well as on the number of students sharing it..

Health care facilities: General Practitioner in the Student Dormitory

Living costs: approx. 300 €

Name of diploma (1) Bachelor of Arts degree
Majors: Tourism and hotel management
Length of study programme: 8 semesters
Admission criteria:
- Certificate of secondary school graduation,
- Curriculum Vitae in English,
- Completed application form with 4 passport-size photographs,
- Certificate of proficiency in English, TOEFL with a score of at least 550,
- Proof of paid application fee (25,000 HUF).

Entrance examinations are organised in early September and include a personal interview.

The diploma is accredited by Hungarian Accreditation Committee,
The European Foundation of Accreditation of Hotel Schools,
The Institute of Travel & Tourism UK.

The objectives of the programme are:

To educate students to an internationally recognised level of competence, to satisfy market demand for managers in the tourism and hospitality industry.

Tuition fees: 600,000 HUF per semester (2300 Euro) to be paid for teaching, library computer usage and other services provided by the College. For the third year the fee is reduced. Fees are to be paid before registration.

Insurance costs against illness and accidents are approximately 40 USD per month.

Course director: Dr. Csilla Szalók

Telephone: (+36-1) 374-62-31

E – mail: visitor@kvif.bgf.hu

Name of diploma (2) Bachelor of Arts degree
Majors: Catering and Hotel Management
Length of study programme: 8 semesters
Admission criteria:
- Certificate of secondary school graduation,
- Curriculum Vitae in English,
- Completed application form with 4 passport-size photographs,
- Certificate of proficiency in English, TOEFL with a score of at least 550,
- Proof of paid application fee (25,000 HUF).

Entrance examinations are organised in early September and include a personal interview.

The diploma is accredited by Hungarian Accreditation Committee

The objectives of the programme are:

To educate students to an internationally recognised level of competence, to satisfy market demand for managers in the catering and hospitality industry.

Tuition fees: 600,000 HUF per semester (2300 Euro) to be paid for teaching, library computer usage and other services provided by the College. For the third year the fee is reduced. Fees are to be paid before registration.

Insurance costs against illness and accidents are approximately 40 USD per month.

Course director: Mr Dénes Sándor

Telephone: (+36-1) 374-62-71

E – mail: dsandor@kvif.bgf.hu

Name of diploma (3) Bachelor of Arts degree
Majors: Commerce
Length of study programme: 7 semesters
Admission criteria:
- Certificate of secondary school graduation,
- Curriculum Vitae in English,
- Completed application form with 4 passport-size photographs,
- Certificate of proficiency in English, TOEFL with a score of at least 550,
- Proof of paid application fee (25,000 HUF).

Entrance examinations are organised in early September and include a personal interview.

The diploma is accredited by Hungarian Accreditation Committee

The objectives of the programme are:

To educate students to an internationally recognised level of competence,
to satisfy market demand for managers in commerce

Tuition fees: 600,000 HUF per semester (2300 Euro) to be paid for teaching, library computer usage and other services provided by the College. For the 7th semester the fee is reduced. Fees are to be paid before registration.

Eszterházy Károly College

Name of Institution: Eszterházy Károly College
Year of foundation: 1949
Address: Eszterházy tér 1, 3300 Eger, Hungary
Phone: (36-36) 520-400
Internet: <http://www.ektf.hu>
Rector: Dr. Zoltán Hauser
Number of faculties: 3
Academic staff: 263 full-time
Academic staff with scientific degree: 107
Contact person: Dr. András Tarnóc
Contact info: phone: (36-36) 520-427 fax: (36-36) 520-448, e-mail: dir@ektf.hu
Members of the Hungarian Academy of Sciences: 2
Number of full-time students in the academic year 2003/2004 (Hungarian education): 9000
Number of Ph.D. students: 0
Number of students studying in foreign languages in 2003/04: 2

Library: The Eszterházy Károly College Library offers a variety of diversified library facilities for academic learning and research activities. The basic and electronic information services include: lending of certain documents, use of library catalogues, the use of SDI and CD-ROM database, the use of library collection in the reading rooms, inter-library loan, online reference service, Internet access (workstations in the library) and photocopying

The Central Library has several sub units, including social sciences, literary scholarship, foreign language and natural science components, in which the necessary professional texts are available. The periodical reading room houses several domestic and foreign publications and the media collection makes possible the study of other documents. Considering the number of books held in the Archdiocesan Library in the Lyceum building as well, almost half a million volumes are available for students and faculty members alike.

Computer facilities: There are more than 600 computers with unlimited Internet access in the libraries and computer laboratories all over the buildings of the College and in the dormitories. The computer labs offer software packages for word processing, spreadsheet designing, statistical tasks and programming. The Informatics Service Centre helps students in the planning, manufacturing, possible copying and printing of the content of digital information carriers.

Sports activities: Student athletic activity takes place within the framework of the College Sports Club, providing practice and competition opportunities in seven sports (track and field, gymnastics, swimming, basketball, volley ball and soccer). The fitness centre is equipped with workout rooms and a sauna.

Accommodation: Accommodation can be obtained in one of the four dormitories of the College, or the Student Body Association along with the Centre for International Relations can provide assistance in finding adequate housing.

International Study Programmes

Name of the Unit: Faculty of Humanities Institute of English and American Studies, Department of German Language and Literature, Department of French Language and Literature:

Address: 3301 Eger, Egészség ház u. 4

Phone: 36 36 520-411

E-mail: lvadon@ektf.hu

Contact person: Prof. Dr. habil Lehel Vadon

Contact info:

phone: +36 36 520-411

fax: +36 36 520-448

e-mail: lvadon@ektf.hu

General information: the Institute of English and American Studies, the Department of German Language and Literature, and the Department of French Language and Literature offer the international study programmes. The courses offered within these programmes can be divided into three modules: literature-related courses, civilisation and history, and linguistic studies. The duration of the programmes is either six or eight semesters.

Preparatory courses: Instruction takes place in a dual framework encompassing a foundation and main tier. The primary requirement is a good command of the given language, and demonstrated written and oral proficiency.

Credit system: The College's use of the European Credit Transfer System facilitates the mutual recognition of the credits earned. Accordingly, a weekly two-hour seminar or lecture amounting to 30 hours over 15 weeks equals 2 ECTS credits

Partial training and credit transfer possibilities: The ECTS system facilitates mutual reconcilability of the subjects taken or courses completed.

Admission process: Applications for the autumn semester usually starting in the second week of September, are taken from 1 March of the given year. Applications for the spring semester usually starting in the first week of February are taken from 1 October of the previous year.

Contact details for application: Applications should be submitted to the Centre for International Relations e-mail: dir@ektf.hu

Tuition fees: 50 euros per credit taken

Programmes offered in English

The programmes offered by the Institute of English and American Studies include six or eight semester schemes potentially resulting in earning a *Teacher of English Language and Literature*, or a *Teacher of English Language and Literature with a specialisation in American Studies* degree.

Members: 3

Academicians: –

Number of full-time students in the academic year 2003/2004 (studying in Hungarian): 445

Number of Ph.D. students: 0

Number of students studying in foreign languages in 2003/2004: 404

Library: In addition to its 20,000 volume academic collection, the IBS library holds over 50 international journals and daily newspapers. All holdings are catalogued on our computerised library management system, which can also be accessed via the Internet. Our database network offers campus-wide access to major specialised databases covering subjects such as business, social sciences, current affairs and general references. Information may be printed or downloaded from a range of sources including EBSCO, Reuters Business Insights, FT Archives, and Euromonitor.

Computer facilities: Facilities include more than 250 computers in 8 computer labs, available to students between 7 a.m. and 7 p.m. The computers are equipped with CD-ROM, DVD and zip drives. Scanners, projectors, high-performance colour and black-and-white laser printers are also available. The internal mailing system and network and the Internet can be accessed from all computers.

Cultural and Sports opportunities: **IBS Fitness** offers a number of sports activities. The Training Room has a fitness instructor monitoring workout, while the Aerobic Hall offers classes every hour. In addition, the soccer and tennis court, martial arts and yoga classes, table tennis and children's exercise classes are also available. Sauna and solarium are also included in the recreational facilities. Unique in European business education, International Business School has its own fully equipped, 300-seat theatre hall called **International Buda Stage**, offering a variety of concerts and drama performances for students, faculty, staff and the general public.

Foreign Students' Accommodation: A Hall of Residence offers 3-star accommodation for our students. All rooms, one or two-bed on choice, have bathrooms and are equipped with satellite TV, refrigerator and Internet access. There are fully equipped communal kitchens and laundries on each floor while the restaurant provides full board, if required. There are snack bars and a pub in the main building of the school, where snacks and sandwiches as well as hot lunches are available.

Health care facilities: Not provided by the School. All non-EU members are advised to take out private health insurance before coming to Hungary. The School can assist foreign students in taking out the Hungarian state healthcare insurance.

Living costs per month (rent, bills, food and travel): HUF 85,000-250,000 depending on needs.

Estimated additional costs (leisure): HUF 12,500-50,000

Fax: +36 1 391 2550

E-mail: llendvai@ibs-b.hu

General information: see above

Preparatory courses: Intensive Language Programme – IBS offers two possible programmes: the Classic English Programme, which provides students with some 540 English lessons over a year, or the Dual Programme with half English and half German. In addition, students will also get some foundation subjects to help towards their undergraduate business studies.

Credit System: The International Business School uses the standard Hungarian credit system in all of its academic programmes. One credit equals approximately 30 hours of student work. A typical 1-semester subject (module) carries 4 credits. In order to graduate, students need to collect 240 credits, which means a pace of approximately 30 credits per semester. Credits are only awarded upon passing both coursework and examination in a module. The flexibility of the credit system makes it possible for students to accelerate or to slow down their progression within certain limitations.

Partial training and credit transfer possibilities:

Partial training (temporary studies in another institution): IBS fully supports temporary studies in other institutions. The School has student exchange agreements with 46 European partner institutions making it possible for about 150 students to go on exchange every year. The modules taken up during the temporary studies abroad can be accepted according to the credit transfer procedure (see below).

Credit transfer: Students can request that the College recognise credits for individual modules obtained in another institution of higher education. Such credits can be recognised if IBS is able to verify that they were awarded for the successful completion of a module whose content is at least 75% identical with one taught at IBS.

Admission process:

First, applicants have to complete our on-line English Language Placement test any time between 1 March and 15 June 2004. The IBS Language Institute will write to inform them of their results within ten working days. (Please note that IBS reserves the right to offer applicants a place on the one-year long Intensive Language Programme, if their English proves to be below the required standard.)

The application deadline is 30 June 2004. Although late applications may be accepted, it is in your interest to apply as early as possible. In order to apply, please download our application form from www.ibs-b.hu and mail it with the required appendices to the International Office, 1021 Budapest Tárogató u. 2-4, Hungary, or e-mail it to info@ibs-b.hu

We will inform you of our conditional acceptance within ten working days after receiving your application. If you wish to confirm, you must

- mail us your application to the above address in writing, and
- pay the fees

Contact details for application: László Lendvai

* only to be paid once, on application

Programmes offered in English:

General information: IBS undergraduate programmes have double validation. Primarily, they have been validated by one of the most prestigious ‘new’ universities in Great Britain, Oxford Brookes University, which means that students will receive a BA degree awarded by Brookes. In addition, the programmes have been accredited by the Hungarian Accreditation Board, which means that students registered in the Hungarian higher education system will also receive a Hungarian degree. This double validation makes IBS courses highly appreciated in the labour markets of not only Britain and Hungary, but also throughout Europe.

Our degree programmes are offered as three or four-year full-time courses, depending on whether students choose to undertake a year-long work placement in the third year of their studies. To take part in the English-language undergraduate programmes, applicants will be required to pass the IBS English Entrance Placement Test. Those whose English is not yet good enough to study in English, will be offered a place on our one-year (2-semester) Intensive Language Programme.

Number of independent institutes: 0

Number of affiliated institutes:

Academic staff: 97

Academic staff with scientific degree: 37

Members of the Hungarian Academy of Sciences: 0

Number of full-time students in the academic year 2003/2004 (Hungarian education): 1562 (St. Stephen University College of Economics and Agriculture, Gyöngyös)

Number of Ph.D. students: 0

Number of students studying in foreign languages in 2003/04: 0

Library: The Károly Róbert College has a Central Library that is open to all students. This is located in the main building and has a collection of 35,775 books and 162 journals. Most of the departments have their own libraries.

Computer facilities: The College has computer labs that are available to the students for study purposes. E-mail and Internet access are also available.

Cultural and sports opportunities: There is a wide variety of student entertainment facilities both inside and outside the college. As Gyöngyös is nowadays a student town, many bars, clubs and discos provide additional relaxation and amusement.

The College has a gymnasium. The potential sports activities available free of charge to all university students include: volleyball, basketball, body-building, table-tennis, handball and football.

Foreign Students' Accommodation: Dormitories are (within limits) available for Hungarian students. Private flats, rented apartments are available near the college. Approximate monthly cost for a rented apartment: 70-100 EUR per person.

Health care facilities: Students are requested to have medical insurance – which costs about 60 EUR/semester.

Living costs: Meals: 800 EUR/annum; further costs (travel, etc): approx.: 400 EUR/annum

Estimated additional costs: Books approx. 800 EUR

International Study Programmes

Name of the unit: Faculty of Business Administration

Address: Mátrai u. 36, H-3200 Gyöngyös, Hungary

e-mail: rmagda@karolyrobert.hu

General information: The Faculty of Business Administration now offers its undergraduate programme of Business Administration in English as well. High quality and a broad-based opportunity for education is guaranteed through the wide international relations of the college.

Preparatory courses: A 3-week preparatory programme is organised English prior to the entrance exams.

Credit system: The duration of the standard full-time programme is 6 semesters, or by completing 180 credits.

Partial training and credit transfer possibilities: Yes

Admission process (application procedure, deadlines):

required documents (photocopies accepted)

undergraduate programmes: secondary school-leaving certificate

recent medical health certificate of general health status

short curriculum vitae
receipt of registration fee payment
official copy of certificate of language competence
completed application form

Contact details for application: For more information (subjects, deadlines, dates, etc.) contact László Szegedi
e-mail: lszegedi@karolyrobert.hu

Tuition: This is double the current student normative (approx. 1500 EUR)/semester.

Programmes offered in English

General information: Based on a fundamental economic approach, the Business Administration Programme provides an opportunity to acquire special knowledge besides the basic subjects of business. Its flexible subject mix allows students to select and set up a subject structure which matches their scope of interest and future plans. The general part of the course (first three semesters) provides a wide interface to the different fields of business administration. Narrower specialisation is available in stages. This flexibility allows our graduates to be highly competitive in the labour market.

Name of diploma	Bachelor's degree
Majors:	Business Administration
Length of study programme:	6 semesters

Hungarian Dance Academy

Name of Institution: Hungarian Dance Academy

Address: Budapest, Columbus utca 87. H-1145 Hungary

Phone: (361) 273 34 34

Fax: (361) 273 34 33

E-mail: info@mtf.hu

Website: <http://www.mtf.hu/>

General director: Mr Imre Dózsa

Contact person: Ms Beata Schanda

Phone: (361) 273 34 34

Fax: (361) 273 34 33

Established: 1950

Academic staff: 45

Academic staff with scientific degree: 26

Number of students in the academic year 2003/2004 (Hungarian education): 640

Brief Information :

The predecessor of the Academy, the Hungarian State Ballet Institute was founded in 1950. The status of academy was given to the institute in 1983 and today it is known as the Hungarian Dance Academy. It trains professional ballet dancers, theatrical dancers, Hungarian folk dancers, ballet-, folkdance- and ballroom dance pedagogues, choreographers as well as dance theorists. Classical ballet is taught according to the Vaganova method.

At the Hungarian Dance Academy there are two main directions of training and different specialisations:

I. Performing arts training:

I. 1. **Specialisation in ballet art:** training and education lasts 10 years. Students graduating from this faculty gain a ballet artist degree.

I. 2. **Specialisation in folkdance and theatrical dance:** offers an academy-level diploma as well.

In these two elements of training, college level starts at age 16. Before going on to college level, students follow secondary school academic studies alongside the professional subject.

Students from abroad can join the Hungarian classes for full or partial training.

II. Teacher's training and other specialisations:

II. 1. **Specialisation in dance pedagogy:** this is run in the form of an evening course. Applicants must have either a final examination, a qualification at a secondary school specialising in dance or a certificate of specialisation in ballet art, as well as practical professional experience. The Academy has taught and trained dance teachers since 1955. Classical ballet teachers' training is available in English, following an intensive schedule.

II. 2. **Specialisation in choreography:** specialisations in contemporary ballet, folk dance.

II. 3. **Specialisation for dance theory writers:** this is a programme for post-graduates. Applicants must have a university or college degree in classical studies or in the field of arts.

EDUCATION OFFERED FOR FOREIGN STUDENTS

1) **Classical Ballet** - (full training 20 semesters, B.Sc. Study programme: 8 semesters, partial training possible – minimum: one semester)

AGE: 14-24 years (students' applications under the age of 14 will be considered individually)

APPLICATION: Candidates living in Europe must audition before the Audition Board. The audition consists of the examination of body aptness and appropriate posture, flexibility and elasticity as well as a sense of rhythm. Candidates with previous training will also be examined on their skills.

Auditions: 1-15 October, 1-15 February, August (during the International Summer Course of Dance) or by previous agreement. Individual requests will also be considered. Overseas candidates who are not able to come to the audition, are requested to send a video tape (please ask for details).

Tuition fee: 500 € / month (if participating in a regular class; covers only dance education)

2) **Folk Dance and Theatrical Dance** - (full training 12 semesters, B.Sc. Study programme: 8 semesters, partial training possible – minimum time: one semester)

AGE: 14-24 years

Auditions: Candidates living in Europe must audition before the Audition Board. The audition consists of a survey of stature, dance talent, musicality and sense of rhythm. Individual requests will also be

considered. Overseas candidates who are not able to come to the audition, are requested to send a video tape (please ask for details).

Tuition fee: 500 € / month (if participating in a regular class; covers only dance education)

3) Dance Pedagogy

Classical Ballet Teacher - 10 months daily training in Budapest, plus two years of teaching practice (possible also in home country) with bi-monthly consultations sessions in Budapest.

Tuition by individual working schedule also possible – ask for details.

No audition is needed to start studying; however, there are set requirements to fulfil.

A thesis is to be written on a topic (chosen by the student) and submitted for the degree. On passing the Final Examination a Classical Ballet Teacher's Diploma is awarded.

Tuition fee: 17,300 € / year (full training in English)

In the case of individual training schedule and/or selected subject only, the fee is according to agreement depending on requested teaching hours.

4) International Summer Course of Dance (held annually, two weeks in August)

Tuition fee: 590 €

Registration fee (non-refundable): 30 €

Observation of classes (for teachers & spectators): 10 € / day
