

**Decree 7/1993. (XII. 30.)
on the National Qualification Register
issued by the Ministry of Education**

Pursuant to the authorisation provided under Section 4.1 (a) of Act LXXVI of year 1993 on vocational training (hereinafter referred to as the "Vocational Training Act"), and in agreement with the head of the Central Statistics Office and the minister having the authority to define the applicable vocational and examination requirements (hereinafter referred to as the "minister responsible for vocational training", I hereby decree the following :

Section 1. I hereby issue the National Qualification Register (hereinafter referred to as the "Register") as a *Schedule* to this Decree.

Section 2. This Decree is to take effect on the 8th day following the date of proclamation. With the exception of the provisions under Section 3 the provisions contained herein shall be first applied in a bottom-up manner to vocational training started pursuant to the Vocational Training Act.

Section 3. (1) Any examination leading to the issuance of any of the qualifications listed in the Register may only be organised on the basis of the requirements determined by the minister responsible for vocational training.

(2) Students may only be enrolled for a vocational training in any vocational school, if the central programmes (syllabi) of the compulsory special subjects have been issued and all the teaching material necessary for the theoretical courses are available.

Schedule to Decree 7/1993. (XII. 30.) issued by the Ministry of Education

The National Qualification Register

Signs and abbreviations:

- 21-71 = the first two digits of the qualification code refer to the ISCED level (column 1)
- 21 qualifications not requiring the completion of any school
 - 31 qualifications requiring the completion of an elementary school evidenced by a certificate of the completion of the eighth year
 - 32 qualifications requiring the completion of an elementary school evidenced by a certificate of the completion of the eighth year as well as the completion of preliminary vocational training
 - 33 qualifications requiring the completion of the tenth year
 - 34 qualification requiring the completion of the tenth year plus the completion of a preliminary vocational training
 - 51 qualifications requiring the completion of the last year of a secondary school and authorising the bearer to perform blue-collar activities
 - 52 qualifications requiring a general certificate of secondary education or the completion of the last year of a secondary school and typically authorising the bearer to perform white-collar activities
 - 53 qualifications requiring a general certificate of secondary education and some specified preliminary vocational training
 - 54 raised level qualifications requiring a general certificate of secondary education or a general certificate of secondary education and some specified preliminary vocational training
 - 55 higher qualifications requiring a general certificate of secondary education and some
 - 71 qualifications requiring higher education
- 1408-8999 = digits three through six of the qualification code refer to the field of study related to

- the qualification (column 1)
- 01-... = digits seven and eight of the qualification code refer to the number of a particular qualification within the level and field of study
- I.-II.-III. = signs to indicate qualifications with the same description but on different levels ("I" is the highest level" (column 2)
- A = qualifications authorising the bearer to occupy various positions, can be obtained primarily in the framework of public education (available for the disabled depending on the type and degree of disability) (column 3)
- B = qualifications authorising the bearer to occupy certain positions pursuant to the provisions of the law (column 3)
- C = qualifications obtainable in the framework of adult education outside the regular school system, generally authorising the bearer to occupy a single position (column 3)
- D = qualifications requiring certain filings to be made at the start of the training (column 3). The head of the institution offering the vocational training must report the number of participants by qualification to the Ministry of Education Vocational Training Department
- 1-21 = reference number of trade groups (column 4)

Reference numbers in column 4:

Fields and Trade Groups

Field	Reference Number	Trade Group
Humanities	1.	Health care
	2.	Social services
	3.	Education (teaching, education)
	4.	Art, public education, communication (music, dance, fine arts, applied arts, acting and puppetry, theatre, press, public education)
	19.	Other services (personal, security, civil guards, policing services, national defence, fire protection, health and safety, small industry, crafts)
Technical	5.	Engineering (machine building, mechanical engineering, operation, mining, fine mechanics, materials testing, automation, welding, surface finishing, quality insurance)
	6.	Electrical and electrical engineering (electrotechnics, electronics, telecommunication)
	7.	Information Technology (software)
	8.	Chemical industry (chemical industry, laboratory testing)
	9.	Architecture (architecture, construction industry, building materials industry, traffic construction)
	10.	Light industry (clothing, textile, leather, fur and shoe industry)
	11.	Timber industry
	12.	Printing industry
	13.	Traffic industry (traffic technology, traffic operation)
	14.	Environmental protection and water management
Business and	15.	Economy

services		
	16.	Management
	17.	Trade and marketing, business administration (trade, marketing, business administration, management, non business related administration, organisation)
	18.	Catering and tourism (catering, tourist touring)
Agriculture	20.	Agriculture (plant cultivation, horticulture, animal farming, forestry, hunting, fishing, cartography)
	21.	Food industry

- t = Multi category qualification (column 5)
i = Only obtainable through the vocational school system (column 7)
- = No completion of school required (column 11)
a = Elementary education evidenced by a certificate of the completion of the eighth year plus age over the compulsory education age (column 11)
a* = Completion of year ten (column 11)
k = Completion of the last year of a secondary school education (column 11)
é = General Certificate of Secondary Education (column 11)
f = Completion of higher education (column 11)
sz = Prerequisite of admission is preliminary vocational training (column 11)
gy = Prerequisite of admission is experience specified by the vocational and examination requirements (column 11)
pa. = Compliance with vocational suitability criteria is a requirement (column 12)
sza. = Compliance with professional suitability criteria is a requirement (column 12)

Ministers authorised to define the applicable vocational and examination requirements.

BM = Minister of the Interior; EüM = Health Minister; FVM = Minister of Agriculture and Rural Development, HM = Minister of Defence; IM = Minister of Justice; ISM = Minister of Youth and Sports; KöViM = Minister of Traffic and Water Management; KSH = Head of Central Statistics Office; KöM = Minister for the Environment; NKÖM = Minister of National Cultural Heritage; OM = Minister of Education; PM = Minister of Finance; SzCsM = Minister of Social and Family Affairs (column 13)

- MKIK = Hungarian Chamber of Commerce and Industry (14. oszlop)
MAK = Hungarian Chamber of Agriculture (14. oszlop)
** = Art specialisation: parallel instruction, the numbering of special classes is identical with the numbering of classes providing the grounding for general education or preparation for the General Certificate of Secondary Education; the number of years indicated in column 8 only refers to complementary training (column 15)
sz* = The prerequisite to admission or the obtaining of the qualification is a driving examination, loader, transporter or building machine operator's examination or boat captain's examination certificate issued by the Traffic Authority (column 15)
törvény, r. = Qualification required by the law to occupy a related position or pursue the activity (column 15)

Qualification Code							Duration of training			Compliance
						Qualifi				

Level of Qualification	Field of Study	Number	Qualification Description	Qualification Category	Trade Group	(FEOR) Assigned	Year Of Registration	only obtainable in the school system	Number of years or the maximum number of hours in case of labour market training	percentage of theoretical training	Percentage of practical training	Preliminary schools and vocational training, required experience	with vocational professional suitability criteria is a requirement
